3. **Updated Actuarial Valuation.** The Employees Retirement System shall contract with an actuary to perform a limited actuarial valuation of the assets and liabilities of the Employees Retirement System as of February 28 in those years when the Legislature meets in regular session. The purpose of the valuation shall be to determine the effect of investment, salary, and payroll experience on the unfunded liability, the amortization period, and the state contribution rate which results in a 30-year amortization period of the Retirement System.

4. **State Contribution to Employees Retirement Program.** The amount specified above in A.1.1, ERS Retirement Program, is based on a state contribution of 9.5 percent of payroll for each fiscal year of the 2018-19 biennium, including annual membership fees of \$3 for contributing members for each fiscal year.

5. **State Contribution to the Law Enforcement and Custodial Officer Supplemental Retirement Fund (LECOS).** The amount specified above in A.1.2, LECOS Retirement Program, is based on 0.5 percent of covered payroll each fiscal year of the 2018-19 biennium for LECOS members.

6. **State Contribution to Judicial Retirement Program (JRS-2).** The amount specified above in A.1.3, Judicial Retirement System - Plan 2, is based on a state contribution of 15.663 percent of payroll for each fiscal year of the 2018-19 biennium for contributing members.

7. **State Contribution to Group Insurance for General State Employees.** Funds identified above for group insurance are intended to fund:
 - a. the total cost of the basic life and health coverage for all active and retired employees;
 - b. fifty percent of the total cost of health coverage for the spouses and dependent children of all active and retired employees who enroll in coverage categories which include a spouse and/or dependent children; and
 - c. the incentive program to waive participation in the Group Benefits Plan (Opt-Out).

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

During each fiscal year, the state's monthly contribution shall be determined by multiplying (1) the per capita monthly contribution as certified herein by (2) the total number of full-time active and retired employees, subject to any adjustment required by statute, enrolled for coverage during that month.

EMPLOYEES RETIREMENT SYSTEM

(Continued)

For each employee or retiree that waives participation in the Group Benefit Program and enrolls in allowable optional coverage, the Employees Retirement System shall receive \$60 per month in lieu of the "employee-only" state contribution amount, and such amounts are included above in Strategy B.1.1, Group Benefits Program. The waived participant may apply up to \$60 per month towards the cost of the optional coverage.

Each year, upon adoption of group insurance rates by the Board of Trustees, the Employees Retirement System must notify the Comptroller, the Legislative Budget Board, and the Governor of the per capita monthly contribution required in accordance with this rider for each full-time active and retired employee enrolled for coverage during the fiscal year.

It is the intent of the Legislature that the Employees Retirement System control the cost of the group insurance program by not providing rate increases to health care providers participating in HealthSelect during the 2018-19 biennium.

- 8. Excess Benefit Arrangement Account.** There is hereby appropriated to the Employees Retirement System all funds transferred or deposited into the Excess Benefit Arrangement Account established in the General Revenue-Dedicated Account No. 5039, for the purpose of paying benefits as authorized by Government Code, §815.5072.
- 9. Transfer of Retirement Contributions and Group Insurance.** Appropriations made in this and other articles of this Act for Retirement and Group Insurance contributions shall be transferred by each agency from the Employees Retirement System to the agency based on estimated amounts by funding source for each fiscal year. Transfers should be made no later than September 15 of the year in which the payments are to be made. Adjustments and return of excess appropriation authority to the Employees Retirement System shall be completed by October 30 of the subsequent fiscal year.
- 10. Federal Funds for Medicare Part D Prescription Drug Program.** The Employees Retirement System (ERS) is hereby authorized to receive employer reimbursements of all federal funds applicable to Medicare Part D prescription drug reimbursement relating to benefits administered by ERS. Any federal funds received by ERS shall be deposited to the Employees Life, Accident and Health Insurance and Benefits Fund No. 973, or to such fund as established by the Legislature or the State Comptroller of Public Accounts to pay health claims for retired employees.
- 11. Appropriations for the Deferred Compensation Trust Fund and the TexaSaver Trust Fund.** All money deposited into the Deferred Compensation Trust Fund, Employees Retirement System No. 0945 and the TexaSaver Trust Fund No. 0946 pursuant to Government Code, §609.512 are hereby appropriated to the system for the 2018-19 biennium for the purposes authorized by law.
- 12. Tobacco User Monthly Premium Fee.** The Employees Retirement System, pursuant to the provisions of Insurance Code, §1551.3075, shall automatically apply a \$30 monthly tobacco user fee to any individual aged 18 or older covered under the state health plan unless the individual, during the individual's enrollment period, certifies that the individual does not use tobacco. The Comptroller of Public Accounts shall deposit revenue from the fee (estimated to be \$14,250,764 in each year of the 2018-19 biennium) into the Employees Life, Accident, Health Insurance and Benefits Trust Account.
- 13. Notification of Contracts Greater than \$10 Million.** It is the intent of the Legislature that the agency shall submit notice to the Legislative Budget Board at least ten business days prior to issuing a request for proposals for a contract, as defined in Article IX, Section 7.04 of this Act, with a value reasonably expected to exceed \$10 million. The notice shall be provided consistent with the agency's fiduciary duties. The notice shall be provided on a form prescribed by the Legislative Budget Board. The notice shall include:
 - a. an explanation of the agency's evaluation process as well as all documentation relating to this process including scoring tools;
 - b. guidelines for evaluators;
 - c. methodology for evaluating additional factors not anticipated during planning; and
 - d. methods for verifying the mathematical accuracy of the evaluation.

EMPLOYEES RETIREMENT SYSTEM

(Continued)

Additionally, not later than the tenth business day after the date the agency enters into such a contract, the agency shall provide notice to the Legislative Budget Board, on a form prescribed by the Legislative Budget Board, which includes:

- a. information regarding the nature, term, amount, and the vendor(s) awarded the contract, including an explanation of the contract term if the contract automatically renews or has an open-ended term;
- b. (1) a certification signed by the executive director of the agency stating that the process used to award the contract complied with or was consistent with the following:
 - (A) State of Texas Contract Management Guide;
 - (B) State of Texas Procurement Manual;
 - (C) all applicable statutes, rules, policies and procedures related to the procurement and contracting of goods and services, including compliance with conflict of interest disclosure requirements; and
 - (D) the agency's evaluation process; or(2) if the process to award the contract did not comply with the requirements of Subsection (1)(A), (B), (C), and (D), the agency shall provide an explanation for the alternative process utilized, legal justification for the alternative process, and identify the individual(s) directing the use of an alternative process;
- c. certification by the executive director of the agency that the agency has a process for:
 - (1) verification of vendor performance and deliverables;
 - (2) payment for goods and services only within the scope of the contract or procurement order;
 - (3) calculation and collection of any liquidated damages associated with vendor performance, including specified eligibility criteria, processes, documentation for evaluating and approving any reductions to vendor performance penalties; and
 - (4) when, why, or how to apply corrective action plans for continuing poor vendor performance; and
- d. any other information requested by the Legislative Budget Board before or after the Legislative Budget Board receives such notice.

The agency shall provide the two types of notice without regard to source of funds or method of finance associated with the expenditure, including a contract for which only non-appropriated funds will be expended.

- 14. Consumer Directed HealthSelect Data Analysis.** Out of funds appropriated above and elsewhere in this Act for the Group Benefits Program, the Employees Retirement System shall collect, track, and analyze Consumer Directed HealthSelect health plan participants' healthcare costs and utilization data. ERS shall compare the data and results from this analysis to similar data available from other health plans, including traditional HealthSelect, Medicare Advantage, and HMO plans, in order to determine participants' healthcare costs and utilization differences across health plans. Where applicable ERS shall develop recommendations for the Legislature and implement best practices based upon the results of this analysis.
- 15. Freestanding Emergency Rooms.** It is the intent of the Legislature that the Employees Retirement System, within the Group Benefits Program appropriations above and elsewhere in this Act, implement measures to reduce participants' use of out-of-network independent freestanding emergency medical care facilities as defined by Health and Safety Code, Section 254.001(5), in order to save \$26,100,000 in General Revenue and \$42,200,000 in All Funds in the biennium. Measures may include increasing the copayment amount for each use by a participant of an out-of-network freestanding emergency medical care facility beginning on September 1, 2017.

EMPLOYEES RETIREMENT SYSTEM
(Continued)

Out of funds appropriated above and elsewhere in this act, the Employees Retirement System shall notify participants of the measures to be implemented regarding freestanding emergency medical care facilities, particularly the definition of and copayment associated with in-network and out-of-network freestanding emergency medical care facilities, in writing no later than August 15, 2017.

- 16. High Deductible Health Plan.** Out of funds appropriated above and elsewhere in this Act, the Employees Retirement System shall research and develop options for a health plan that is similar to, but with a higher deductible and higher Health Savings Account contributions than, the existing Consumer Directed HealthSelect plan implemented through Insurance Code §1551.451, Subchapter J, State Consumer-Directed Health Plan. The Employees Retirement System may consider reducing or waiving members' monthly premiums, increasing the state's Health Savings Account contributions, or raising the plan's deductible. Plan options shall remain cost-neutral and comply with existing state and federal law.

The Employees Retirement System shall report to the Legislature on the additional options for high deductible health plans by August 31, 2018.

- 17. Health Clinic at a State Agency or Institution of Higher Education.** Out of appropriations made in this and other articles of this Act for the Group Benefits Program, the board of trustees may operate or contract with a person to operate an onsite, or near-site, health clinic at a state agency or institution of higher education. The board may only operate or contract for a clinic if the board determines that:

- a. the clinic can be operated on a cost-neutral or cost-positive basis to the health plan;
- b. there is sufficient health plan participation in the area where the proposed clinic will operate; and
- c. no funds will be spent by the board for the cost of acquiring or building the clinic, capital expenses, or acquiring equipment.

- 18. Health Related Institutions Savings.** It is the intent of the legislature that the HealthSelect of Texas network administered under the Employees Retirement System of Texas Group Benefits Program shall save \$35,000,000 in All Funds and \$21,875,000 in General Revenue-Related Funds in the biennium in its contractual provider relationships with Health Related Institutions receiving appropriations under this Act. In order to obtain the specified savings, the Employees Retirement System shall reduce contracted provider rates and may initiate innovative value-based plan design models with Health Related Institutions.

 - (3) minimize regulatory overlap.
- (c) The department shall report findings and recommendations regarding rules, regulations, and licensing procedures for compounding outsourcing facilities to the legislature not later than January 1, 2019.

In addition to amounts appropriated above in Strategy A.2.5, TX Center for Infectious Disease, DSHS is appropriated any appropriated receipts collected from county governments for tuberculosis services for the purpose of providing services at TCID.
- 43. Continuity of Public Health Services.** The Department of State Health Services (DSHS) shall ensure continuity of public health services provided in all strategies in Goal A, Preparedness and Prevention Services, Goal B, Community Health Services, and Goal C, Consumer Protection Services. MEDICAID

3. **Pediatric Care in Nursing Facilities.** When using funds appropriated in Strategies A.2.4, Nursing Facility Payments, and A.2.5, Medicare Skilled Nursing Facility, and in addition to consideration of expense in determining the appropriate placement for children who currently receive care in nursing facilities, the Health and Human Services Commission shall, within the requirements of state and federal law, consider the requests of parents concerning either a continued stay in a nursing facility providing skilled pediatric care or an alternate placement. (Former DADS Rider 9)

4. **Nursing Facility Beds for Medicaid Eligible Veterans.** Contingent upon a request from the Texas General Land Office - Veterans Land Board, it is the intent of the Legislature that the Health and Human Services Commission (HHSC) maintain a program for Medicaid-eligible veterans that will enable individuals to be placed in State Veterans Homes if they so choose. It is further the intent of the Legislature that HHSC ensure the creation of sufficient certified beds to accommodate the requirements of such a program. (Former DADS Rider 15)

5. **Cost Comparison Report.** Out of funds appropriated above in Strategy L.1.1, HHS System Supports, the Health and Human Services Commission (HHSC) shall develop a report for the Legislature analyzing state and federally funded residential and nonresidential services in Home and Community-based Services (HCS), Texas Home Living, and Intermediate Care Facilities for Individuals with Intellectual Disabilities and Related Conditions (ICF-IID/RC).
 - a. The report shall include the following:
 - (1) the monthly average cost to the state per person for individuals residing in state-operated and non-state operated ICF-IID/RC, HCS waiver program, and Texas Home Living waiver program by Level of Need (LON), and facility size (private ICF-IID only);
 - (2) a comparison of severity across settings; and,
 - (3) the total number of persons, by LON, who transitioned from state-operated ICF-IID/RC to the HCS residential waiver program for the previous biennium, and their average monthly cost of service in the HCS waiver program.
 - b. With respect to the cost to the state per person residing in a state operated ICF-IID/RC facility, the department shall include all costs, such as Statewide Indirect Cost Allocation Plan (SWICAP), Departmental Indirect Cost Allocation Plan (DICAP), maintenance and construction costs, employee benefit costs and other federally allowable administrative,

HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

medical and overhead costs. With respect to the cost to the state per person in state-operated ICF-IID/RC facilities, non-state operated ICF-IID/RC facilities, and the HCS and Texas Home Living waivers, HHSC shall include all Medicaid costs including acute care costs that are not included in the waiver rate for those programs and all costs to administer and license those programs. For state-operated ICF-IID/RC facilities, the average monthly administrative and overhead costs shall be reported separately from the average monthly client care costs. HHSC shall identify the types of costs included in each category.

- c. Cost for waiver recipients will cover the time a person enrolled in the waiver through the time they are terminated from waiver services. The cost for ICF-IID services will cover the time a person is admitted to the facility to the time of discharge unless the person is admitted to an ICF-IID or waiver within 60 days of discharge. In that case the Medicaid costs incurred during discharge will be counted toward the ICF-IID costs.

The report shall be submitted to the Legislature, Governor, Legislative Budget Board, and the public no later than August 31, 2018. (Former DADS Rider 21)

6. Nursing Home Program Provisions.

- a. **Tending Home Income Eligibility Cap.** It is the intent of the Legislature that the income eligibility cap for nursing home care shall be maintained at the federal maximum level of 300 percent of Supplemental Security Income (SSI).
- b. **Nursing Home Bed Capacity Planning.** It is the intent of the Legislature that the Health and Human Services Commission shall control the number of Medicaid beds, and decertify unused Medicaid beds, and reallocate some or all of the decertified Medicaid beds, taking into account a facility's occupancy rate. (Former DADS Rider 37)

7. **Cash Basis Expenditures Authorization.** Notwithstanding any other provision of this Act, the Health and Human Services Commission may expend Medicaid appropriations in all Strategies in Goal A, Medicaid Client Services, and in Strategy D.1.3, ECI Services, in each fiscal year of the 2018-19 biennium without regard to date of service. The authorization herein is limited to expenditures in all Strategies in Goal A, Medicaid Client Services, and in Strategy D.1.3, ECI Services, for claims payments, premiums, cost settlements and other related expenses for Medicaid client services.

8. **Additional Funding Sources, Medicaid.** Notwithstanding any other provisions of this Act, if the appropriations provided for a Medicaid program are not sufficient to provide for expenditures mandated by either state or federal law, after accounting for any appropriations made to the agency operating the Medicaid program, and available for transfer to the Medicaid program, the Legislative Budget Board and the Governor may provide for and are authorized to direct the transfer of sufficient amounts of funds to the Health and Human Services Commission from appropriations made elsewhere in this Act.

9. **Limited Medicaid Coverage for Clients with Medicare Part D Benefit for Certain Excluded Medicare Part D Drug Categories.** It is the intent of the Legislature that from funds appropriated above in Strategy A.1.6, Medicaid Prescription Drugs, the Health and Human Services Commission shall continue to provide Medicaid coverage for dual eligible clients. The Health and Human Services Commission shall recoup funds for these expenditures from Part D drug plans that are determined to be responsible for the dual eligible clients' drug costs. It is also the intent of the Legislature that from funds appropriated above in Strategy A.1.6, Medicaid Prescription Drugs, the Health and Human Services Commission shall continue to provide Medicaid coverage for certain categories of drugs not covered under the federal Medicare Part D program, under Section 1935(d)(2) of the Social Security Act, for full dual eligible clients. This coverage is limited to only those categories of excluded Medicare Part D drugs that continue to be eligible for federal Medicaid matching funds and that are currently covered under the Medicaid Vendor Drug Program (e.g., certain prescribed over-the-counter medications, smoking cessation medications and vitamins).

10. **Hospital Uncompensated Care.** No funds appropriated under this Article for medical assistance payments may be paid to a hospital if the Health and Human Services Commission (HHSC) determines that the hospital has not complied with the commission's reporting requirements. HHSC shall ensure that the reporting of uncompensated care (defined to include bad debt, charity care and unreimbursed care) by Texas hospitals is consistent for all hospitals and subjected to a standard set of adjustments that account for payments to hospitals that are intended to reimburse

HEALTH AND HUMAN SERVICES COMMISSION
(Continued)

uncompensated care. These adjustments are to be made in such a way that a reliable determination of the actual cost of uncompensated care in Texas is produced.

The commission shall conduct an appropriate number of audits to assure the accurate reporting of uncompensated hospital care costs.

HHSC shall submit a biennial report on uncompensated care costs to the Governor and Legislative Budget Board no later than December 1, 2018, which details the impact of patient specific and lump sum funding as offsets to uncompensated costs, impact of health care reform efforts on the funding streams that reimburse uncompensated care, and assess the need for those funding streams in future biennia. HHSC may report by hospital type.

- 11. Hospital Reimbursement.** Contingent upon federal approval, and to the extent allowed by law, no funds appropriated under this Article for the payment of inpatient hospital fees and charges under the medical assistance program may be expended, except under a prospective payment methodology for all Medicaid inpatient claims, excluding state-owned teaching hospital Medicaid inpatient claims, that employs sound cost reimbursement principles and:

 - a. enhances the Health and Human Services Commission's ability to be a prudent purchaser of health care;
 - b. reflects costs that are allowable, reasonable and medically necessary to deliver health care services to the state's Medicaid population;
 - c. reduces the variability in the Medicaid reimbursement rates paid to hospitals for treating patients with the same diagnoses;
 - d. promotes and rewards increased efficiency in the operation of hospitals;
 - e. emphasizes and rewards quality of outcomes and improves the treatment of Medicaid patients through pay-for-performance principles;
 - f. recognizes, through add-on payments or other methods, the unique needs of individual hospitals, including rural hospitals.
- 12. Graduate Medical Education.** The Health and Human Services Commission may expend Appropriated Receipts - Match for Medicaid No. 8062 and matching Medicaid Federal Funds out of Strategy A.4.1, Non-Full Benefit Payments, for Graduate Medical Education payments to state-owned teaching hospitals, contingent upon receipt of allowable funds from state-owned teaching hospitals to be used as the non-federal share for Medicaid Graduate Medical Education. Appropriated Receipts - Match for Medicaid No. 8062 shall be the only source of funds used for the non-federal share for Medicaid Graduate Medical Education, and the Health and Human Services Commission shall develop a payment methodology for Medicaid Graduate Medical Education payments to state-owned teaching hospitals.
- 13. Local Reporting on DSH, Uncompensated Care, Delivery System Reform Incentive Payment, and Indigent Care Expenditures.** Out of funds appropriated above in all Strategies in Goal A, Medicaid Client Services, and as the state Medicaid operating agency, the Health and Human Services Commission shall develop a report that non-state public hospitals, private hospitals, hospital districts, physicians and private administrators shall use to describe any expenditures they make through the Disproportionate Share Hospital (DSH) program, the Uncompensated Care (UC) Pool, the Delivery System Reform Incentive Payment (DSRIP) Pool, and the Indigent Care program. The commission shall determine the format of the report, which must include expenditures by method of finance per year. In addition, the commission annually shall require contracted hospital providers to report payments to entities who provide consultative services regarding revenue maximization under the medical assistance program and any other governmentally funded program, including UC, DSRIP, and DSH. Information included in the reports of payments to entities providing consultative services from contracted hospitals shall include:

 - b. Ten percent of the General Revenue savings during fiscal year 2018 that was the result of pursuing information from the Public Assistance Reporting Information System (PARIS) as calculated by the Health and Human Services Commission (HHSC) according to procedures or rules for making the calculations adopted by HHSC shall be credited by the Comptroller to the Fund for Veterans' Assistance Account No. 0368 from which expenditures were originally made and such funds are appropriated to the Texas Veterans Commission in fiscal year 2019.
- 15. Supplemental Payments.** It is the intent of the Legislature that when the Health and Human Services Commission calculates supplemental payments, data be collected to provide transparency regarding claims associated with the supplemental payment program. An independent audit of the program, including a review of regional affiliations, uncompensated care claims for both uninsured and insured individuals, and contractual agreements, and a report with findings should be completed and distributed annually on June 30 to the Governor, the Lieutenant Governor, the Speaker of the House of Representatives, the Senate Finance Committee members, the House Appropriations Committee members, and the Legislative Budget Board.

The agency shall review methodologies used by the federal government and national researchers to estimate the amount of in-office diagnostic ancillary services provided to Medicare clients and adopt a similar methodology for quantifying the amount of these services provided to Texas Medicaid clients. The agency shall submit a report on in-office diagnostic ancillary service use in the Texas Medicaid program, including strategies implemented by the agency to reduce unnecessary diagnostic ancillary services, to the Legislative Budget Board and the Governor by December 1, 2018.
- 18. Receipt of Transfers for Participation in the Healthcare Transformation and Quality Improvement Program.** The Health and Human Services Commission may receive in Strategy A.4.3, Transformation Payments, intergovernmental transfers of funds from institutions of higher education as the non-federal share of uncompensated care or delivery system reform incentive payments or monitoring costs under the Healthcare Transformation and Quality Improvement Program 1115 Waiver.

HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

(NAIP) proposals are approved. 21. **Report on Pay for Quality Measures.** Out of funds appropriated above in Strategy L.1.1, HHS System Supports, the Health and Human Services Commission shall evaluate how Texas Medicaid providers and managed care organizations use existing pay for quality measures to improve health care delivery and whether these initiatives result in a higher quality of care and improved health outcomes. The Commission shall report its initial findings to the Governor, the Legislative Budget Board, and the appropriate standing committees of the Legislature by October 1, 2018 and include in the report recommendations to improve current pay for quality measures, areas requiring additional study, and how it could potentially use those findings if it expands the use of pay for quality measures into outpatient settings.
22. **Cochlear Implants and Other Assistance for the Hearing Impaired.** Out of funds appropriated above in Strategy L.1.1, HHS System Supports, the Health and Human Services Commission shall review Medicaid reimbursement rates for cochlear implants and other assistance for the hearing impaired at a minimum of once a biennium in order to ensure reasonable access to services for the hearing impaired.

25. **Texas Medicaid and Texas Diabetes Council.** It is the intent of the Legislature that out of funds appropriated above in Strategy L.1.1, HHS System Supports, the Health and Human Services Commission shall consider advisory information from the Texas Diabetes Council when implementing a new program or initiative that could impact Medicaid patients diagnosed with diabetes or their access to care.
26. **Texas Medicaid and Texas Diabetes Council - Coordination and Report.** Out of funds appropriated above in Strategy L.1.1, HHS System Supports, the Health and Human Services Commission (HHSC) should identify efficiencies across agencies to integrate systems of care and work jointly with the Texas Diabetes Council (TDC) to: 1) improve screening rates for Medicaid patients at risk for diabetes; and 2) increase enrollment in diabetes self-management education (DSME) programs for those Medicaid patients diagnosed with diabetes. The results, including a summary of previously submitted related reports, limitations, improvements made, and recommendations on these two issues, will be included in a report by HHSC in consultation with TDC. The report is due to the Legislature and Governor by August 31, 2018.

whether the data continues to be useful or if additional data, such as measurements of recipient services, is needed to oversee contracts or evaluate the effectiveness of Medicaid.

- 28. NAIP, MPAP, and QIPP Payments Reporting.** In the event the Centers for Medicare and Medicaid Services (CMS) complete their review of the Network Access Improvement Program (NAIP), Nursing Facility Minimum Payment Amounts Program (MPAP), and Quality Incentive Payment Program (QIPP), and provide approval for the programs, the Health and Human Services Commission, out of funds appropriated above in L.1.1, HHS System Supports, shall report to the Legislative Budget Board and Governor an estimate of the funds that will be available and an estimate of the non-state funds used as intergovernmental transfers available. The report shall be submitted not later than 90 days after approval has been received from CMS.
- 29. Medicaid Substance Abuse Treatment.** Out of funds appropriated above in all Strategies in Goal A, Medicaid Client Services, the Health and Human Services Commission (HHSC) shall evaluate the impact on overall Medicaid spending and client outcomes of substance use disorder treatment services provided under Medicaid to persons who are at least 21 years of age. HHSC shall develop a methodology for the evaluation of those treatment services, improve and analyze data necessary to complete the evaluation, and submit a report on the evaluation findings to the Legislative Budget Board and the Office of the Governor by December 1, 2017.
- 30. Monitor the Integration of Behavioral Health Services.** Out of funds appropriated above, the Health and Human Services Commission (HHSC) shall monitor the implementation of Government Code, Section 533.00255(b), which integrates behavioral health services into the Medicaid managed care program. - a. **General Revenue Match for Medicaid.** ABEST Method of Financing Code 758 - GR Match for Medicaid shall be used to report General Revenue expenditures and request General Revenue appropriations for the state's share of Medicaid payments for the following Medicaid MH and ID services:

b. **General Revenue Certified as Match for Medicaid.** The Health and Human Services Commission (HHSC) shall use ABEST Method of Financing code 8032 - General Revenue Certified as Match for Medicaid to identify General Revenue funds requested and reported as expended for the purpose of drawing Federal Funds and to document that State funds have been spent for Medicaid mental health and intellectual disability services and administrative expenditures for the following services:

(1) Intermediate care facilities for individuals with intellectual disabilities that are operated by the State and known as "state supported living centers";

(2) Services delivered in state hospitals operated by HHSC including inpatient services for clients under the age of 21 and services that qualify under the federally approved Institutions for Mental Diseases (IMD) option for clients over the age of 65; and

g. **Exclusive Appropriation Authority.** The preceding subsections of this provision shall be the exclusive appropriation authority for Medicaid mental health and intellectual disability services Federal Fund receipts from the above identified sources, and none of these receipts shall be appropriated by a provision of Article IX of this Act. (Former Special Provisions Sec. 16)

32. Appropriation Authority for Intergovernmental Transfers.

a. In addition to funds appropriated above and in an effort to maximize the receipt of federal Medicaid funding, the Health and Human Services Commission (HHSC) may expend intergovernmental transfers (IGTs) received as Appropriated Receipts-Match for Medicaid No. 8062 for the purpose of matching Medicaid Federal Funds for payments to Medicaid providers.

b. For authorization to expend the funds, HHSC shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request must also include a copy of a written agreement from the governmental entity that is transferring the funds that the funding be spent in the manner for which it is being requested.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 30 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. The audit shall review HHSC's contracted actuarial services to ensure premiums are actuarially sound and are providing the greatest value for the state. Based on the audit findings, adjust Medicaid managed care premiums. This audit shall begin with the Medicaid managed care premiums for fiscal year 2018;

Expenditures shall be made from CHIP Experience Rebates generated in fiscal years 2018 and 2019. The method of financing item, Experience Rebates-CHIP No. 8054, for appropriations made above, includes unexpended and unobligated balances of Experience Rebates - CHIP remaining as of August 31, 2017, and receipts earned in fiscal years 2018 and 2019.

The use of CHIP Experience Rebates is limited to health care services for CHIP clients. CHIP Experience Rebates shall be expended as they are received as a first source, and General Revenue shall be used as a second source, to support CHIP-related programs. This process shall be completed on a monthly basis in order to prevent accumulation of CHIP Experience Rebate balances and reported in the Monthly Financial Report required by Rider 132, Other Reporting Requirements.

The preceding paragraph shall be the exclusive appropriation authority for receipts from the above identified sources and none of these receipts shall be appropriated by a provision of Article IX of this Act.

38. **Children's Health Insurance Program Priority.** In the event that the Health and Human Services Commission receives less CHIP Federal Funds than are anticipated above in Goal C, CHIP Client Services, the commission may prioritize services to recipients of the traditional CHIP program. Serving those eligible for the CHIP Perinatal program may be a secondary priority.
39. **CHIP Premium Co-Pays.** For purposes of this provision, CHIP Premium Co-Payments are defined as premium co-payments made on behalf of children enrolled in the Children's Health Insurance Program. Amounts defined as premium co-payments for CHIP children are deposited into the General Revenue Fund. - b. **Enhanced Match Assumptions and Reporting.** Health and human services agencies listed in Article II of this Act shall submit to the Legislative Budget Board and the Governor the monthly number of clients receiving services eligible for any enhanced federal match as well as the amount of eligible expenditures subject to an enhanced match, by strategy. The data shall be submitted on a monthly basis in a format specified by the Legislative Budget Board. For purposes of this section, enhanced federal matches are defined as an increase to the usual matching rate (regardless of what the usual match is) that are, or become, available under Medicaid or another federally-matched program. Enhanced federal matches include, but are not limited to, those made available through the Money Follows the Person demonstration and the Community First Choice Program. Whether or not a match meets the definition of enhanced federal match for purposes of this section will be at the discretion of the Legislative Budget Board.

Appropriations to the Health and Human Services Commission in Article II of this Act have been adjusted to reflect \$165,427,345 increased Federal Funds and reduced General Revenue Funds due to enhanced matches under the Money Follows the Person demonstration and the Community First Choice program.

Any other Article II agency is still subject to the requirements of subsections (b) and (c) of this provision if any agency expenditures receive an enhanced federal match.

- c. **Limitations on Use of Available General Revenue Funds.** In the event the actual FMAP and EFMAP should be greater than shown in subsection (a), or the amount of increased Federal Funds and reduced General Revenue Funds due to the enhanced matches should be greater than shown in subsection (b), or if any other matching rate becomes more favorable than the rate assumed in the General Appropriations Act, the health and human services agencies in Article II of this Act are authorized to expend the General Revenue Funds thereby made available only upon authorization from the Legislative Budget Board and Governor.

To request authorization to expend available General Revenue Funds, an agency shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information, by fiscal year:

- (1) a detailed explanation of the proposed use(s) of the available General Revenue Funds and whether the expenditure(s) will be one-time or ongoing;
- (2) the amount available by strategy;
- (3) the strategy(ies) in which the funds will be expended and the associated amounts, including any matching Federal Funds;
- (4) an estimate of performance levels and, where relevant, a comparison to targets included in this Act; and
- (5) the capital budget and/or full-time equivalent impact.

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issue a written disapproval within 30 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 30 business days.

The Attorney General and the respective head of the Health and Human Services Commission or a health and human services agency listed in Chapter 531, Government Code, are hereby authorized to use the funds appropriated above to jointly select one or more Assistant Attorneys General to be assigned to the respective agency.

Sec. 6. Limitations on Transfer Authority. Notwithstanding Article IX, Section 14.01, Appropriation Transfers and Section 14.03, Limitation on Expenditures - Capital Budget of this Act, the Executive Commissioner of the Health and Human Services Commission is authorized to make transfers of funding, full-time equivalents (FTEs), and capital budget authority within and between health and human services agencies listed in Article II of this Act, subject to the following requirements. Transfers that exceed \$1,000,000 in General Revenue, capital authority in excess of \$100,000 or FTE adjustments of more than 10 FTEs are subject to the prior written approval of the Legislative Budget Board and the Governor. Transfers below these thresholds require written notification to the Legislative Budget Board and Governor within 30 days of the transfer and a report on transfers of all amounts should be submitted to the Legislative Budget Board quarterly. No single transfer, or the total of all transfers from a strategy, may exceed 20.0 percent of the originating strategy's appropriation for funding or FTEs for the fiscal year without the prior written approval of the Legislative Budget Board and the Governor.

To request a transfer, the Executive Commissioner of the Health and Human Services Commission shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information:

- a. a detailed explanation of the purpose(s) of the transfer, including the following:
 - (1) a description of each initiative with funding and FTE information by fiscal year; and
 - (2) an indication of whether the expenditure will be one-time or ongoing;
- b. the names of the originating and receiving agencies and/or strategies and the method of financing and FTEs for each strategy by fiscal year;

In the case of disaster or other emergency, this provision is superseded by the emergency-related transfer authority in Article IX of this Act.

Notwithstanding the limitations on transfer authority in Special Provisions Relating to All Health and Human Services Agencies, Sec. 6, Limitations on Transfer Authority, and Article IX, Sec. 14.01, Appropriation Transfers, and contingent on the transition of Medicaid program benefits for persons enrolled in the Texas Home Living Waiver to the STAR+PLUS program, or other capitated managed care program, the Executive Commissioner of the Health and Human Services Commission (HHSC) may transfer General Revenue Funds and Federal Funds appropriated in fiscal year 2019 in Strategy A.3.4, Texas Home Living Waiver to Strategy A.1.1, Aged and Medicare-Related and Strategy A.1.2, Disability-Related. Transfer is limited to amounts necessary to provide services previously available from the Texas Home Living Waiver through a capitated managed care program. Should HHSC decide to continue operation of the Texas Home Living Waiver for purposes of providing services not available under managed care, amounts sufficient to provide those services should be retained in Strategy A.3.4, Texas Home Living Waiver. HHSC shall notify the Legislative Budget Board and Governor's Office of

the actual transfer amounts and estimated impact on performance measures at least 60 days prior to transferring funds. Transfers are contingent upon HHSC submitting documentation describing any analyses conducted to determine the cost-effectiveness of the managed care delivery model chosen for the persons transitioning from Texas Home Living Waiver pursuant to Government Code §534.201(b). This information shall be submitted at the same time as the notification of transfer amounts.

Sec. 16. HHS Office Consolidation and Co-location. No funds appropriated under this Act may be expended for Health and Human Services Commission or health and human services agencies listed in Chapter 531, Government Code, for office or building space leased by the Texas Facilities Commission (TFC) on behalf of these agencies where the determination has been made that the leased space is no longer needed due to: 1) a change in client demographics resulting in the ability to relocate staff to other locations, 2) a change in service delivery model or improvement in business processes, or 3) consolidations of office or building space to achieve cost or operational efficiencies. Prior to vacating any space and asking TFC to cancel a lease, HHSC will perform actions in subsections (a) and (b) below:

- a. Conduct an evaluation of the space to be vacated and document the factors that substantiate the decision to vacate the space. This evaluation may include client demographics, employee usage and travel status, facility costs, facility location, facility condition, Texas Accessibility Standards, and safety.
- b. Provide written notification to the Texas Facility Commission at least 270 days prior to the date of the lease cancellation. At the same time, HHSC shall provide notification to the Legislative Budget Board and the Governor's office of the intent to terminate a lease and the anticipated savings to be realized from consolidation and efficiencies.
- c. The Executive Commissioner is authorized, contingent upon approval from the Legislative Budget Board and the Governor, to utilize any of the freed-up General Revenue Funds or Other Funds reported under section (b) or funds freed up because of business process improvements or cost saving initiatives within eligibility operations for the purposes of reinvesting in improved business practices and technology modernization projects that promote more efficient use of space, state staff and resources across the HHS system.
- d. To request approval to utilize the freed-up funding for purposes under section (c), HHSC shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information:
 - (1) a detailed explanation of the project to be undertaken and the efficiencies to be realized;
 - (2) the names of the originating and receiving strategies and agencies and the method of financing for each strategy by fiscal year;
 - (3) an estimate of performance levels and, where relevant, a comparison to targets included in this Act for both the originating and the receiving strategies; and
 - (4) the capital budget impact.
- e. The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 30 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 30 business days.
- f. The Comptroller of Public Accounts shall not allow the transfer of funds authorized by the above subsection if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 17. Rate Limitations and Reporting Requirements. Notwithstanding other provisions of this Act, the use of appropriated funds for a rate paid by a health and human services agency in Article II of this Act shall be governed by the specific limitations included in this provision.

For purposes of this provision, "rate" is defined to include all provider reimbursements (regardless of methodology), including for oral medications, that account for significant expenditures made by a health and human services agency in Article II of this Act. "Fiscal impact" is defined as an increase in expenditures due to either a rate change or establishment of a new rate, including the impact on all affected programs. Additionally, estimates of fiscal impacts should be based on the most current caseload forecast submitted by the Health and Human Services Commission (HHSC) pursuant to other provisions in this Act and should specify General Revenue-related Funds, TANF Federal Funds, and All Funds. Fiscal estimates that impact multiple risk groups may be reported at an aggregate level and acute care services may be reported by rate category.

a. Notification of Change to Managed Care Rates.

- (1) Within seven calendar days of the establishment of preliminary premium rates for managed care organizations (MCOs) contracting with HHSC, the Executive Commissioner of the HHSC shall submit the following information in writing to the Legislative Budget Board, the Governor, and the State Auditor:
 - (i) a schedule showing the previous fiscal year's rate and the proposed rate, which should include information on the rate basis for the MCO reimbursements to providers;
 - (ii) a schedule and description of the rate-setting process for all rates listed for subsection (1), which should include:
 - (a) a thorough explanation of all formulas and rounding methodologies used in the rate-setting process;
 - (b) reasoning and basis for all trends used in the rate-setting process;
 - (c) all analyses conducted by the Data Analysis Unit (established pursuant to Government Code §531.0082) that are pertinent to the rate-setting process; and
 - (d) all documentation submitted to the Centers for Medicare and Medicaid Services (CMS) pursuant to 42 C.F.R. §438.7.
 - (iii) an estimate of the fiscal impact, by agency and by fiscal year, including the amount of General Revenue Funds, TANF Federal Funds, and All Funds for each rate change listed for subsection (1).
- (2) The Executive Commissioner of HHSC shall submit all available information identified in subsection (1) if the preliminary rates are changed and shall also submit the reason for these changes. The Executive Commissioner of HHSC shall submit the final proposed rates along with the information listed in subsection (1) no later than 45 calendar days prior to implementation.
- (3) Within seven days of the submission requirements listed above in subsections (i) through (iii), the Executive Commissioner of the HHSC shall submit a schedule identifying an estimate of the amount of General Revenue Funds, TANF Federal Funds, and All Funds by which expenditures at such rate levels would exceed appropriated funding.

- b. Orphan Drug Notification.** HHSC shall provide notification of a new or increased rate for an orphan drug within 60 calendar days following expenditures for this purpose. An orphan drug must meet criteria specified in the federal Orphan Drug Act and regulations at 21 C.F.R. §316, and be required to be covered by the Medicaid program under federal law.

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

With the notification, HHSC shall provide the fiscal impact including the amount of General Revenue Funds, and All Funds, by fiscal year; the amount of drug rebates projected; and an estimate of the population to be served.

- c. **Quarterly Notification.** With the exception of statutorily required pricing updates on oral medications, and on a quarterly basis, HHSC shall provide notice of changed rates for:
- (1) new procedure codes required to conform to Federal Healthcare Common Procedure Coding System (HCPCS) updates;
 - (2) revised rates occurring as a result of a biennial calendar fee review;
 - (3) any rate change estimated to have an annual fiscal impact of less than \$500,000 in General Revenue-related Funds or TANF Federal Funds; and
 - (4) Any rate change for which approval is obtained under section (d).
- d. **Limitation on Rates that Exceed Appropriated Funding.** With the exception of those rates specified in section (b), Prior Notification, and in subsections (1) - (3) of section (c), Quarterly Notification, no health and human services agency in Article II of this Act, may pay a rate that would result in expenditures that exceed, in any fiscal year, the amounts appropriated by this Act to a strategy for the services to which the rate applies without the prior written approval of the Legislative Budget Board and the Governor.

To request authorization for such a rate, the Executive Commissioner of the HHSC shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information:

- (1) a list of each new rate and/or the existing rate and the proposed changed rate;
- (2) an estimate of the fiscal impacts of the new rate and/or rate change, by agency and by fiscal year; and
- (3) the amount of General Revenue Funds, TANF Federal Funds, and All Funds, by fiscal year, by which each rate would exceed appropriated funding for each fiscal year.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the request for authorization for the rate and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 15 business days.

- e. Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. Notifications, requests and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.
- f. The Office of the State Auditor may review the fiscal impact information provided under sections (a) through (d) along with supporting documentation, supporting records, and justification for the rate increase provided by the Health and Human Services Commission and report back to the Legislative Budget Board and the Governor before the rate is implemented by the Health and Human Services Commission or operating agency.
- g. The Comptroller of Public Accounts shall not allow the expenditure of funds for a new or increased rate if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 18. Early Elective Deliveries. Out of funds appropriated elsewhere in this Act, the Health and Human Services Commission, and the Department of State Health Services shall take steps to improve data and oversight to reduce the rate of early elective deliveries in Texas, including:

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

- a. The Department of State Health Services shall modify the methodology they use to estimate the rate of early elective deliveries in Texas to include the use of administrative claims data for all payer types contained in the Texas Health Care Information Collection data combined with birth certificate data.
- b. The Texas Health and Human Services Commission shall regularly audit claims submitted in the Texas Medicaid fee-for-service and managed care programs for obstetric delivery procedures that include a modifier indicating that the delivery was medically necessary and prior to 39 weeks of gestation.
- c. The Texas Health and Human Services Commission and the Department of State Health Services shall evaluate the effectiveness of strategies to reduce early elective deliveries using improved data and audit results and submit a report to the Legislative Budget Board and the Governor by December 1, 2017.

Sec. 19. Locality Pay. Out of funds appropriated above, the health and human services agencies listed in Chapter 531, Government Code are authorized to pay a salary supplement, not to exceed \$1,200 per month, to agency-determined employees whose duty station is located in an area of the state in which the high cost of living is causing excessive employee turnover, as determined by the agency. This salary supplement shall be in addition to the maximum salary rate authorized for that position elsewhere in this Act. In the event that an employee so assigned works on a less than full-time basis, the maximum salary supplement shall be set on a basis proportionate to the number of hours paid.

Sec. 20. Health Insurance Providers Fee. Included in amounts appropriated elsewhere in this Act for fiscal year 2019 is \$179,540,106 in General Revenue Funds (\$435,594,869 in All Funds) to reimburse managed care organizations for payment of the Health Insurance Providers Fee pursuant to Section 9010 of the Affordable Care Act and associated federal income tax. Contingent upon a judgment of the Supreme Court of the United States declaring Section 9010 unconstitutional, enactment of federal law repealing Section 9010, or judgment of the Supreme Court of the United States or enactment of federal law amending Section 9010 to make reimbursement of the fee optional for states, the Health and Human Services Commission shall cease any reimbursements to managed care organizations for payment of the fee and tax. Unless the Commission obtains prior written approval from the Legislative Budget Board and the Governor to use these funds for an alternate purpose, any amounts identified in this section that remain unexpended shall lapse to the treasury at the end of the fiscal year.

Sec. 21. Limitation: Expenditure and Transfer of Public Health Medicaid Reimbursements.

- a. **Appropriations.** Included in the amounts appropriated above for the Department of State Health Services (DSHS) and the Health and Human Services Commission (HHSC) are the following amounts of Public Health Medicaid Reimbursements (Account No. 709):
 - (1) Department of State Health Services:
 - I. Strategy A.2.1, Immunize Children and Adults in Texas: \$341,686 in each fiscal year;
 - II. Strategy A.4.1, Laboratory Services: \$20,276,033 in each fiscal year ;
 - III. Strategy D.1.1, Agency Wide IT Projects: \$46,548 in fiscal year 2018 and \$46,612 in fiscal year 2019; and
 - IV. Strategy E.1.1, Central Administration: \$366,935 in each fiscal year.
 - (2) Health and Human Services Commission:
 - I. Strategy A.4.1, Non-Full Benefit Payments: \$39,443,879 in fiscal year 2018 and \$39,541,331 in fiscal year 2019;

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

- II. Strategy G.2.1, Mental Health State Hospitals: \$50,243,886 in each fiscal year; and
- III. Strategy G.2.2, Mental Health Community Hospitals: \$10,120,700 in each fiscal year.

b. Limitation on Use of Public Health Medicaid Reimbursements (Account 709).

(1) In the event that Public Health Medicaid Reimbursement revenues exceed the amounts noted above, the DSHS or HHSC may expend the Public Health Medicaid Reimbursement funds thereby made available only upon prior written approval from the Legislative Budget Board and the Governor. Notwithstanding Article IX, Section 14.01, Appropriation Transfers, and Special Provisions Relating to All Health and Human Services Agencies, Section 6, Limitations on Transfer Authority, transfers of Public Health Medicaid Reimbursement revenues may be made only upon prior written approval from the Legislative Budget Board and the Governor. A request to expend additional Public Health Medicaid Reimbursement funds or transfer Public Health Medicaid Reimbursement funds shall include the following information:

- I. the reason for and the amount of Public Health Medicaid Reimbursement revenue that exceeds the amounts in section (a) above, and whether this additional revenue will continue in future years;
- II. the reason for and the amount of any transfer of Public Health Medicaid Reimbursement revenue;
- III. a detailed explanation of the purpose(s) of the expenditure and whether the expenditure will be one-time or ongoing;
- IV. the name of the strategy or strategies affected by the expenditure and the FTEs for each strategy by fiscal year;
- V. the impact of the expenditure on performance levels, and, where relevant, a comparison to targets included in this Act for the affected strategy or strategies; and
- VI. the impact of the expenditure on the capital budget.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 30 business days after the date the Legislative Budget Board staff concludes its review of the proposal to expend the funds and forwards the review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 30 business days.

(2) In the event that Public Health Medicaid Reimbursement revenues and balances are insufficient to support the appropriations amounts identified in subsection (a), a reduction shall be made in HHSC Strategy A.4.1, Non-Full Benefit Payments. (Former DSHS Rider 43)

Sec. 22. Use of Trauma Fund Receipts. In an effort to maximize the availability of Federal Funds under Medicaid for the purposes of providing reimbursement for uncompensated trauma care at designated facilities and providing increases in Medicaid inpatient provider rates, the Department of State Health Services (DSHS) and the Health and Human Services Commission (HHSC) shall enter into an interagency contract to allow for the transfer of funds from General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111, from DSHS to HHSC for this purpose. This interagency contract would allow for the transfer of the Account No. 5111 funds to the extent that the use of these funds in this manner would not reduce reimbursements that otherwise would have been provided for uncompensated trauma care to designated facilities.

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

Appropriations include \$116,212,000 in fiscal year 2018 and \$116,212,001 in fiscal year 2019 out of the General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111 to the Department of State Health Services, Strategy B.2.1, EMS & Trauma Care Systems. Of that amount, \$101,660,775 in fiscal year 2018 and \$101,660,775 in fiscal year 2019 is to be transferred through the interagency contract to HHSC to provide add-on payments for trauma care and safety-net hospitals in Medicaid.

If funds are not available in the amount appropriated from General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111 in this Act, the amounts identified for transfer through interagency contract to HHSC shall be reduced by the amount that funds are less than appropriations and an equal amount of General Revenue Funds is appropriated to HHSC.

Sec. 23. Waiver Program Cost Limits. a. Individual Cost Limits for Waiver Programs. It is the intent of the Legislature that the Health and Human Services Commission comply with the cost-effectiveness requirements of the Centers for Medicare and Medicaid Services and set the individual cost limit for each waiver program as follows:

(1) Medically Dependent Children Program: 50 percent of the reimbursement rate that would have been paid for that same individual to receive services in a nursing facility on August 31, 2010;

(2) Community Living Assistance and Support Services Program: The fixed amount of \$114,736.07 based on historical annualized per capita cost of providing services in an ICF/IID to an individual qualifying for an ICF/IID Level of Care VIII;

(3) Deaf-Blind with Multiple Disabilities Program: The fixed amount of \$114,736.07 based on historical annualized per capita cost of providing services in an ICF/IID to an individual qualifying for an ICF/IID Level of Care VIII;

(4) Home and Community-based Services Program: 200 percent of the reimbursement rate that would have been paid for that same individual to receive services in an ICF/IID on August 31, 2010; and

(5) STAR+PLUS Community-Based Alternatives: 202 percent of the reimbursement rate that would have been paid for that same individual to receive services in a nursing facility.

b. Use of General Revenue Funds for Services.

(1) Out of funds appropriated for the waiver programs identified above, and subject to the terms of subsection (3) below, the commission is authorized to use General Revenue Funds to pay for services if:

(i) the cost of such services exceeds the individual cost limit specified in a medical assistance waiver program listed above;

(ii) federal financial participation is not available to pay for such services; and

(iii) the commission determines that:

(a) the person's health and safety cannot be protected by the services provided within the individual cost limit established for the program; and

(b) there is no other available living arrangement in which the person's health and safety can be protected at that time, as evidenced by:

(i) an assessment conducted by clinical staff of the commission; and

(ii) supporting documentation, including the person's medical and service records.

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

(2) Out of funds appropriated under this Article for the waiver programs identified above, and subject to the terms of subsection (3) below, the commission is authorized to use General Revenue Funds to continue to provide services to a person who was receiving medical assistance waiver program services on September 1, 2005, at a cost that exceeded the individual cost limit specified in the medical assistance waiver program if:

(i) federal financial participation is not available to pay for such services; and

(ii) continuation of those services is necessary for the person to live in the most integrated setting appropriate to the needs of the person.

(3) Authority provided in b(1) and b(2) above is contingent upon the agency submitting a report in writing to the Legislative Budget Board and Governor on October 1 of each year of the biennium. The report shall include the number of clients by program which exceeds cost limits and the unmatched General Revenue associated with each by fiscal year.

c. HHSC shall evaluate the possible incorporation of the limitations described in section a. above into the Texas Administrative Code.

Sec. 24. Nurse Home Visiting Programs. In an effort to leverage federal matching funds to support nurse home visiting services, including Nurse Family Partnership services, the Department of Family and Protective Services (DFPS) and the Health and Human Services Commission (HHSC) may explore the feasibility and cost-effectiveness of securing federal funds for nurse home visiting services. HHSC may consider all potential options, including existing coverage categories and delivery system models.

Sec. 25. Review and Report: Health and Human Services System and Managed Care. Out of funds appropriated elsewhere in Article II of the Act in Strategy L.1.1, HHS System Support, in the Health and Human Services Commission (HHSC) bill pattern, HHSC shall conduct a review of health and human services in the state to evaluate opportunities to streamline case management services. The review shall be done in collaboration with the Department of Family and Protective Services (DFPS), the Department of State Health Services (DSHS), and Medicaid and Children's Health Insurance Program (CHIP) Managed Care Organizations (MCOs) and shall:

- a. Evaluate whether reductions to capitation rates are necessary for Medicaid members receiving case management services independent of care coordination provided by managed care staff, such as the provision of targeted case management services by local providers;
- b. Evaluate administrative efficiencies and potential reductions in duplication from streamlining related benefits such as MCO home health services and MCO provided care coordination;
- c. Identify opportunities to clarify the division of responsibilities for case management services provided to children in STAR Health MCOs, DFPS contracted entities, and other providers of case management services; and
- d. If feasible, identify opportunities for ensuring that a single entity is designated as the primary case manager for Medicaid clients.

HHSC shall submit a report to the Legislative Budget Board and the Governor by May 1, 2018, detailing its findings concerning the costs associated with duplicative effort, inefficiencies, and ineffective care in health and human services in the state.

Sec. 26. Administrative Savings in the Health and Human Services System. Out of funds appropriated elsewhere in Article II of the Act in Strategy L.1.1, HHS System Support, in the Health and Human Services Commission (HHSC) bill pattern, HHSC shall collaborate with the Department of Family and Protective Services (DFPS) and the Department of State Health Services (DSHS) to conduct a review of the administrative functions of the health and human services agencies listed in Article II of this Act. The review shall include the identification of potential General Revenue savings related to increased administrative efficiencies and the elimination of duplicative administrative functions. The review shall also consider the effectiveness of staffing levels dedicated to administrative functions.

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

HHSC, DFPS, and DSHS shall develop a plan to achieve the potential General Revenue savings identified above and submit a report to the Transition Legislative Oversight Committee, established pursuant Government Code, §531.0203, Legislative Budget Board and the Governor no later than September 1, 2018. The report shall include information regarding the consolidation of administrative functions pursuant to Senate Bill 200, Eighty-fourth Legislature, 2015, and the savings identified above by strategy, fiscal year, full-time equivalents, and method of finance.

HHSC, DFPS, and DSHS may submit the above information in an individual report prepared in a format specified by the Legislative Budget Board or include the information in the report required pursuant to Government Code, §531.02031.

Sec. 27. Medicaid and Medicare Collections. The Health and Human Services Commission and the Department of State Health Services shall use the funds appropriated by this Act to maximize reimbursement of Medicare and Medicaid funding for all eligible individuals and for all expenditures at the state hospitals, state supported living centers, and state centers.

Sec. 28. Performance Reporting for Texas Center for Infectious Disease and Rio Grande State Center. The Health and Human Services Commission and the Department of State Health Services shall submit to the Legislative Budget Board and the Governor not later than December 1 of each fiscal year the following information regarding performance of the Texas Center for Infectious Disease and the Rio Grande State Center: revenue collections at the hospital, by payor mix; direct and non-direct patient care expenditures; number of inpatient patients served on a monthly basis by type of service provided; and number of outpatient patients served on a monthly basis by type of service provided. (Former DSHS Rider 25)

Sec. 29. Prohibition on Use of Appropriations for the Private Operation of a State Hospital. No funds appropriated above shall be used to solicit bids for the private operation of a state hospital or for the private operation of a state hospital, without approval from the Legislative Budget Board. (Former DSHS Rider 76)

Sec. 30. Charges to Employees and Guests. Collections for services rendered to employees and guests shall be made by a deduction from the recipient's salary or by cash payment in advance. Such deductions and other receipts for these services from employees and guests are appropriated to the facility. Refunds of excess collections shall be made from the appropriation to which the collection was deposited.

As compensation for services rendered and notwithstanding any other provision in this Act, any facility under the jurisdiction of the Health and Human Services Commission or the Department of State Health Services may provide free meals for food service personnel and volunteer workers, and may furnish housing facilities, meals, and laundry service in exchange for services rendered by interns, chaplains in training, and student nurses.

Sec. 31. New or Additional Facilities. No funds appropriated may be spent for constructing new or additional facilities or for the purchase of sites without specific authorization of the Legislature. All facilities shall be kept where they are located by the Legislature, and all new buildings to be constructed shall be on these sites unless otherwise specifically authorized by the Legislature. For the purpose of this subsection, specific authorization may be granted either by basic statute or special authorization in this Act.

Sec. 32. Revolving Petty Cash Funds. Each facility under the jurisdiction of the Health and Human Services Commission or the Department of State Health Services may establish a petty cash fund to be maintained in cash or at a local bank. The petty cash fund, not to exceed \$25,000 shall be used only for making emergency payments and small purchases which will increase the efficiency of the operation; for payments to client workers on a regular payday basis; for use as change funds in specific locations where financial activities of the agency require a change fund; and for supplies and equipment purchases for sheltered workshops.

Sec. 33. Surplus Property. Notwithstanding Article IX, Section 8.03 of this Act, in order to conserve funds appropriated, surplus personal property may be transferred from one state hospital or state supported living center to another with or without reimbursement. The Health and Human Services Commission or the Department of State Health Services may transfer surplus personal property from a state hospital or state supported living center to a community center, as defined in the Texas Health and

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

Safety Code Sec. 534.001(b), with or without reimbursement. Surplus personal property belonging to any state hospital or state supported living center may be sold; provided, however, that such transfers or sales shall be made under the same procedure as provided by Government Code, Chapter 2175.

Sec. 34. Patient or Client Assistance. Subject to the approval of rules and regulations of the Health and Human Services Commission or the Department of State Health Services, patients or clients in any state hospital or state supported living center who are assisting in the operation of the facility as part of their therapy, may receive compensation out of any funds available to the respective facilities.

Sec. 35. Barber and Cosmetology Services. The Health and Human Services Commission (HHSC) or the Department of State Health Services (DSHS) may be reimbursed for barber and cosmetology services in state hospitals and state supported living centers provided the reimbursement is consistent with an individual's ability to pay. These reimbursements are appropriated above to the agencies to offset the cost of providing barber and cosmetology services. The agencies may also use patient benefit funds to offset the cost of these services for indigent clients.

Sec. 36. State-Owned Housing. The Superintendent, Medical Director, Assistant Superintendent for Programs, and Director of Plant Maintenance at each state hospital and the Director, Medical Director, Assistant Director for Programs, and Director of Plant Maintenance at each state supported living center are authorized to live in state-owned housing at a rate determined by the Health and Human Services Commission (HHSC) or the Department of State Health Services (DSHS). Other HHSC or DSHS employees may live in state-owned housing as set forth in Article IX, Section 11.02, Reporting Related to State Owned Housing, of this Act. Fees for employee housing are appropriated above to be used for maintaining employee housing.

Sec. 37. Donations from Individuals, Community Groups and Volunteer Services Councils. It is expressly provided that the Department of State Health Services and the Health and Human Services Commission, in accordance with §533.001 of the Health and Safety Code and to the extent permitted by law, may accept donations for permanent improvements at the state hospitals and the state supported living centers from individuals, community groups and local Volunteer Services Councils. Such funds are not subject to limitations on capital budget expenditures as contained in Article IX or any other similar provisions in this Act. Permanent improvements are defined as an improvement to a state facility that involves construction, building system(s), and/or landscaping.

Sec. 38. Transfers of Appropriation - State Owned Hospitals. The Health and Human Services Commission (HHSC) and the Department of State Health Services (DSHS) shall transfer from non-Medicaid state appropriated funds the following amounts from HHSC Strategy G.2.1, Mental Health State Hospitals and DSHS Strategy A.2.5, TX Center of Infectious Disease to HHSC Goal B, Medicaid & CHIP Support, for the Disproportionate Share Hospital Reimbursement Program:

	2018	2019
State Mental Health Hospitals	\$158,038,231	\$158,038,231
Texas Center for Infectious Disease	<u>5,862,342</u>	<u>5,862,342</u>
	\$163,900,573	\$163,900,573

The timing and form of such transfers shall be determined by the Comptroller of Public Accounts in consultation with HHSC. The Legislative Budget Board may adjust the amounts of such transfers as necessary to match available federal funds. HHSC and DSHS shall also transfer non-Medicaid state appropriated funds as necessary for other qualifying state-funded community hospitals including mental health community hospitals. HHSC and DSHS shall monitor Medicaid utilization rates at these state-owned hospitals to ensure their qualification for the Disproportionate Share Hospital Reimbursement Program. (Former DSHS Rider 5)

Sec. 39. Payment for Compensatory Time. The Health and Human Services Commission and the Department of State Health Services, to the extent permitted by law, may pay FLSA non-exempt employees of state hospitals and state supported living centers on a straight-time basis for work on a holiday or for regular compensatory time hours when the taking of regular compensatory time off would be disruptive to normal business functions. In addition, any health and human service agency, with the explicit approval of the Health and Human Services Executive Commissioner, to the extent

permitted by law, may pay FLSA non-exempt employees required to provide support during a federally declared disaster on a straight-time basis for work on a holiday or for regular compensatory time hours when the taking of regular compensatory time off would be disruptive to normal business functions.

Sec. 40. Transfer Authority Related to Health and Human Services Consolidation.

Notwithstanding the limitations on transfer authority in Special Provisions Relating to All Health and Human Services Agencies, Sec. 6, Limitations on Transfer Authority, the Executive Commissioner of the Health and Human Services Commission (HHSC) is authorized to make transfers of full-time equivalents (FTEs) within and between health and human services agencies listed in Article II of this Act, solely to consolidate administrative support services functions pursuant to Government Code Sec. 531.02012. Authority granted by this provision to transfer FTEs is contingent upon a written notification from HHSC to the Legislative Budget Board, the State Auditor's Office, the Comptroller of Public Accounts, and the Governor 30 days prior to the transfer. The written notification shall include the following information:

- a. A detailed explanation of the purpose(s) of the transfer;

The Board of Regents shall adopt policies specifying the conditions under which classes of less than 10 students by headcount are to be considered necessary and justifiable. The Board of Regents shall direct the chancellor or other officials to review enrollment data prior to the designated Coordinating Board census date and take all necessary actions to ensure that the small classes offered on each campus are only those that conform with established policies on small classes.

4. **Certification of Compliance.** Expenditure of the funds appropriated herein above is contingent upon annual certification by the chancellor of the Texas State Technical College to the Comptroller of Public Accounts that the Texas State Technical College is in compliance with these provisions regarding budgets, accounting procedures and enrollment.

Such expenditure of funds for these special courses are temporary in nature and outside the provision of Education Code §135.04.
7. **Aircraft Pilot Training Programs.** Funds may be used for the operation, maintenance or lease of aircraft for use in the Aircraft Pilot Training programs subject to the requirement that excess costs of flight instruction be recovered by an assessment of charge to student pilots. This income shall be separately accounted for and credited as a reduction in expenditure in the Aircraft Pilot Training Program.
8. **Approval of Plans by Foundations.** Any use of the Texas State Technical College's assets or facilities including, but not limited to, buildings, equipment or employees by existing foundations or for the promotion of foundations shall require prior approval of the Board of Regents. Approval is contingent upon receipt by the Board of Regents of a satisfactory annual plan of operation. At a minimum, this plan must specify the proposed use of any Texas State Technical College facilities, equipment, and personnel; payments made directly to Texas State Technical College personnel for services provided or expenses incurred; and donations of funds to the Texas State Technical College for designated purposes. All funds donated by foundations to the Texas State Technical College shall be received and accounted for in the same manner as all other Texas State Technical College funds. After Board of Regents approval, the plan shall be filed with the Legislative Budget Board.

TECHNICAL COLLEGE**

11. Returned Value Funding Model for Texas State Technical Colleges. Funding is recommended for and allocated among Texas State Technical Colleges (TSTCs) based on the additional direct and indirect state tax revenues generated as a result of the education provided to students by the TSTCs. The funding methodology is based on the following components:

- a. The model includes the cohort of TSTC graduates (earning an associate's degrees or certificate), transfers, and leavers (students who were not found in Texas higher education for two years following the last time they were enrolled in the TSTC) with a minimum completion of nine semester credit hours from 2010 and 2011.
- b. The cohorts were matched with Unemployment Insurance wage records for employment and wage information for five years after the students graduated from or left the TSTC to establish annual wages for each student. Direct value-added was defined as the incremental state tax revenue attributable to former TSTC students' jobs, based on the difference between former TSTC students' annual wages and a base wage representing a full-time employee earning minimum wage (7 percent of the wage delta). Indirect value-added was defined as the direct value-added multiplied by 1.5, an economic multiplier derived from a U.S. Bureau of Economic Analysis study. Total direct and indirect values-added were summed for each group of students by campus across five years.
- c. Values-added were reduced by a certain percentage, based on the assumption that the benefits would accrue both to the state and TSTCs but with only a portion of the added value included in the formula calculations.
- d. Values-added by campus were divided into the total TSTC value added to define each institution's proportional share of overall formula funding.

The Texas State Technical College System shall continue to work with the Texas Higher Education Coordinating Board, the Legislative Budget Board and other relevant agencies to refine the new Returned Value Funding Formula for the TSTCs. It is the intent of the Legislature that recommended adjustments to the formula shall be ready for implementation in the 2020-21 biennium and shall further the goal of rewarding job placement and graduate earnings projections, not time in training or contact hours.

12. Dual Credit. It is the intent of the Legislature that the Texas Higher Education Coordinating Board work with Texas State Technical College to develop and recommend to the Eighty-sixth Legislature a new Strategy, separate from Returned-Value Formula Funding, to fund dual credit programs based upon the number of semester credit hours offered in dual credit by Texas State Technical College.

None of the educational and general funds appropriated in this Article may be expended for the acquisition, construction, or operation of television transmitter stations; provided, however, this prohibition shall not be construed so as to prevent the institutions of higher education named in this Article from using closed-circuit television for purely instructional purposes, or to prevent institutions with existing public broadcasting or transmitter stations to use them for educational purposes, or to prevent the continuance of operating arrangements with existing transmitter stations for purely educational purposes; or to prevent cooperative arrangements with public broadcast stations.

Sec. 9. Intercollegiate Athletics. The special and general provisions of Articles III and IX of this Act shall not apply to intercollegiate athletics. The governing boards of the respective institutions of higher education shall use the appropriations in this Act to make such necessary rules and adjustments as may be deemed advisable for the management and operation of such activities; however, no funds under control of intercollegiate athletics may be used to purchase alcoholic beverages; no educational and general funds appropriated may be used for the operation of intercollegiate athletics; such rules and adjustments shall be designed to complement the rules applicable to other departments of the respective institution; and finally, such rules and adjustments shall specifically prohibit violation of National Collegiate Athletic Association (NCAA) or other governing body rules with respect to recruitment of athletes.

Sec. 10. Prohibition Against Additional Museums. None of the educational and general funds appropriated in this Article shall be used for establishing additional museums or for the maintenance and operation of museums unless the language of this Act or of other acts and resolutions of the Legislature specifically authorizes such use of educational and general funds. As an exception to this provision, in order to encourage and promote gifts, grants, or donations to institutions of higher education, it is specifically provided that an institution which receives such gifts, grants, or donations for the construction or establishment of a museum, which is added to an institution's building inventory after September 1, 1997, may use educational and general funds appropriated by this Article for the maintenance and operation of such a museum. This exception applies only to the authority to spend appropriated funds for these purposes; such museum space shall not be included in formula calculations for purposes of determining the amounts of appropriations due for maintenance or operations of institutional facilities.

Sec. 11. Method of Financing Scholarships.

1. Out of the funds identified by this Article in the informational items described as "Other Educational and General Income," the respective governing boards of the general academic teaching institutions and of the health centers, health science centers, or technical colleges may allocate and expend the actual receipts in such informational item for student scholarships pursuant to the provisions of Education Code §56.031 to §56.039, cited as the Texas Public Educational Grants Program.
2. Copies of such approved allocations together with copies of rules and regulations adopted by the respective governing boards concerning the award of such scholarships shall be filed with the Coordinating Board and with the Comptroller prior to the disbursement of any moneys for scholarships. Copies of any subsequent changes in such allocations or rules shall be similarly filed with the Coordinating Board and with the Comptroller.
3. No educational and general funds appropriated in this Act for scholarships to institutions of higher education may be used to provide athletic scholarships.
4. Out of the additional funds appropriated for the 2018-19 biennium for the informational strategy described as "Scholarships," the respective governing boards shall allocate and expend such funds for need-based student scholarships regardless of the race, sex, color, or ethnicity of the student recipient.

Sec. 12. Use of Educational and General Funds for Alumni Activities Prohibited. None of the educational and general funds appropriated by this Article may be expended by institutions of higher education for the support or maintenance of alumni organizations or activities.

Sec. 13. Limitation of Nonresident Enrollment in Certain State-supported Professional Schools.

1. None of the funds appropriated by this Act may be expended for the establishment, operation, or maintenance, or for the payment of any salaries to the employees in, any wholly or partially state-supported medical, dental, or law school which: (a) imposes a limitation on the number of students that it admits, (b) in an academic semester denies admission to one or more Texas residents who apply for admission and who reasonably demonstrate that they are probably capable of doing the quality of work that is necessary to obtain the usual degree awarded by such school, and (c) in the same academic semester admits, as either class, nonresidents of the State of Texas in a number greater than 10 percent of the class of which such nonresidents are a part. Limitation of nonresident enrollment at The University of Texas Law School, Texas Tech University School of Law, and the University of Houston Law Center may be increased to 35 percent of the class of which nonresidents are a part provided that the admission of such nonresident students is on the basis of academic merit alone. By the provisions of this paragraph it is intended to withhold funds appropriated by this Act from state-supported medical, dental, and law schools which limit their enrollments and which fill more than 10 percent of their classes with non-resident students in the case of medical and dental schools, and 35 percent in the case of The University of Texas Law School, Texas Tech University Law School, and the University of Houston Law Center, when the result of admitting a nonresident denies admission to a qualified Texas applicant. This provision shall not apply to the funds appropriated to the Coordinating Board for the funding of Baylor College of Medicine or to funds appropriated for tuition equalization grants for students attending private colleges.
2. In addition, The University of Texas Southwestern Medical Center may admit up to 25 competitively recruited medical students in each entering class for a specialized six-year program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.
3. Texas medical schools may enroll up to 6 competitively recruited medical students, who already possess the DDS degree, in each second year medical school class for a specialized six-year program in oral and maxillofacial surgery comprised of the last three years of medical school and a three year residency program irrespective of whether those students are Texas residents.
4. The University of Texas Health Science Center at Houston may admit up to 25 competitively recruited medical students in each entering class for a specialized program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION

Sec. 14. Off-campus Instruction. General academic institutions may use the funds appropriated in this Act to teach courses off campus with the following restrictions:

1. At the conclusion of each fiscal year, the Coordinating Board shall file a report with the Governor and the Legislative Budget Board on all general academic institutions concerning off-campus semester credit hours for that fiscal year.
2. Semester credit hours generated at upper level centers authorized by the Legislature or by the Coordinating Board, as well as at Prairie View A&M University's Houston nursing program and Texas Woman's University nursing programs in Dallas and Houston, are not considered to be off-campus.
3. All courses taught off campus must be taught by a regular faculty member or administrator who is employed at least half-time on the main campus of the institution. The Commissioner of Higher Education may waive this requirement in special cases where institutions can justify the use of a uniquely qualified individual. Allied health and vocational instructors are exempted from this requirement.

Sec. 15. Tuition and Other Educational and General Local Fee Collection. No institution of higher education shall receive appropriations through formula funding in this Act unless it collects from each student whose semester credit hours are to be included in formula funding calculations all tuition and all fees in accordance with the installment tuition and fee payment plan provided for by the Education Code, (Chapter 54, as amended) on or before the end of the 20th class day for each regular semester and the 15th class day for each summer session. Valid contracts with the United States Government for instruction of eligible military personnel and valid contracts with private business and public service-type organizations or institutions such as hospitals may be considered as collections thereunder but subject to adjustments after final payment thereof. Financial aid awards processed by the financial aid office but not yet issued to the student may be considered as collections thereunder but subject to adjustments after final payment thereof.

Sec. 16. Formula Variable and Educational and General Income Audits. The Texas Higher Education Coordinating Board in consultation with the State Auditor's Office and the Legislative Budget Board shall clearly define all variables used by the Eighty-fifth Legislature in arriving at formula appropriations for fiscal years 2018 and 2019. According to an audit plan developed in consultation with the Coordinating Board and Legislative Budget Board, all variables of selected formulas used in making fiscal years 2018 and 2019 formula appropriations are subject to audit by the State Auditor. The State Auditor shall report any differences from data submitted by the institutions to the Coordinating Board, the Legislative Budget Board, and the Governor. The Coordinating Board shall then calculate a new appropriations amount for each institution that reported data in conflict with that verified by the Auditor. These calculations shall then be reported to the Legislative Budget Board, Governor, and the Comptroller of Public Accounts and may be used to revise appropriation authority accordingly. The calculation of revised appropriation amounts shall allow each institution an error rate of up to 2 percent of the biennial appropriations related to the variables audited at that institution.

In addition, components of educational and general income reported in the institutional requests for legislative appropriations for fiscal years 2018 and 2019 are subject to audit by the State Auditor.

The State Auditor may request the assistance of an institution's internal auditor in performing the audits described in this section.

Sec. 17. System Offices Funding Authorized. Educational and general funds appropriated to components of The University of Texas, Texas A&M University, University of Houston, Texas Tech University, University of North Texas, Texas State University System, and Texas State Technical College Systems may be transferred or contracted to system offices to provide support for coordination, administration, and other related services.

Sec. 18. Annual Reports of Health Related Institutions Practice Plans. As a limitation and restriction upon appropriations made by this Act, all agencies that have a public health related institution covered under Article III shall not expend funds after a period of 120 days following the close of the fiscal year, unless there has been filed with the Governor, the State Auditor, the Legislative Budget Board, the Legislative Reference Library, and the Comptroller of Public Accounts an annual

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION

(Continued)

report as of August 31 of the preceding fiscal year showing the use of practice plan funds. The annual report shall conform to a uniform reporting system developed by the State Auditor's Office for all financial data concerning the health related institutions practice plans.

Sec. 19. Self-insurance Funds. Any funds of an institution of higher education used for or allocated to a self-insurance fund authorized by Government Code §2259.001 for a risk otherwise insurable by the institution of higher education shall be treated by the Comptroller of Public Accounts as an expenditure of the respective funds. The self-insurance funds so created shall be considered designated funds as that term is used in §51.008(b) of the Education Code. Any self-insurance fund reserves so created shall not exceed in amount the maximum value determined to be actuarially sound for each such self-insurance program.

Sec. 20. Uncompensated Care Reporting Requirement. The public health-related institutions shall use the appropriations in this Act to include in their biennial legislative appropriations request information including the actual amount of uncompensated care provided through each institution's respective physician practice plan, and if applicable, hospital or clinic using the uncompensated care reporting requirement established by the Health and Human Services Commission.

Uncompensated care includes the unreimbursed costs for the uninsured (those with no source of third party insurance) and the underinsured (those with insurance who after contractual adjustment and third party payments have a responsibility to pay for an amount they are unable to pay). Uncompensated care also includes the unreimbursed cost from governmental sponsored health programs. To calculate uncompensated care, charges will be converted to costs by application of a standard, auditable ratio of cost to charge and providers will recognize appropriate patient specific funding and lump sum funding available to offset costs. Any amounts received by the Physician Practice Plan from Upper Payment Limit shall be counted as payments received for uncompensated care.

Sec. 21. County Indigent Care Contracts.

1. **Contracts Required.** It is the intent of the Legislature that all institutions of higher education providing indigent health care contract with relevant counties in their service area to recover the costs associated with treating those counties' indigent patients.
2. **County Indigent Care Contracts Reporting.** The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board and the Governor at the end of each fiscal year a list of counties whose indigent residents have been served by each institution; the total amount of reimbursement received by each institution from each county pursuant to the Indigent Health Care and Treatment Act; and the total cost, by county, of services provided by each institution for which counties are liable pursuant to the Indigent Health Care and Treatment Act. In addition, each institution shall report annually (no later than December 1st) to the Legislative Budget Board and Governor on the status of contract agreements or negotiations with each county whose indigent residents have been served by the institution.

Sec. 22. Ethics Policy.

1. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board an ethics policy which has been adopted by the board of regents. The ethics policy shall apply to the board of regents and its staff, the administration, staff, and faculty of the institutions under the board's governance.
2. The ethics policy adopted by each board of regents shall include specific provisions regarding sexual harassment.

Sec. 23. Driscoll Children's Hospital. No funds appropriated to a health-related institution of higher education shall be used to replace or duplicate the Driscoll Children's Hospital in caring for children with special health-care needs, including pediatric cardiovascular diseases, or in assuming the direct care of those children. This rider language shall not restrict the traditional referral patterns utilized by physicians to refer patients to health related institutions.

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**

Sec. 24. Participation in Drug Development Research Projects. A public university may not expend funds appropriated by this Act, including appropriations of grants or gifts, to conduct a drug development research protocol involving a person who is receiving mental health services under a protective custody order, pursuant to Chapter 574, Health and Safety Code. This rider is not intended to limit or prohibit provisions for treatment established under §576.022, Health and Safety Code.

Sec. 25. Post Tenure Review. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board policies and procedures regarding post tenure review which have been adopted by the board of regents. Post tenure policies shall include review procedures to determine that a tenured faculty member is performing consistently at an acceptable, professional level and a mechanism whereby a faculty member is informed of any deficiencies and provided opportunities to effectively improve his or her performance.

Sec. 26. General Academic Funding. Appropriations made in this Act for formula funding for general academic institutions will consist of four formulas and supplemental items.

1. **Instruction and Operation Formula.** The Instruction and Operations Formula shall provide funding for faculty salaries, including nursing, departmental operating expense, library, instructional administration, research enhancement, student services, and institutional support. These funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour for the 2018-19 biennium is \$55.82 in fiscal year 2018 and fiscal year 2019.

Weighting is determined by the following matrix:

	Lower Div.	Upper Div.	Masters	Doctoral	Special Professional

2. **Teaching Experience Supplement.** For the 2018-19 biennium, an additional weight of 10 percent is added to lower division and upper division semester credit hours taught by tenured and tenure-track faculty. Furthermore, it is the intent of the Legislature that the weight shall increase by 10 percent per biennium, up to 50 percent.
3. **Infrastructure Support.** Funding associated with plant-related formulas and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for universities' educational and general activities produced by the Space Projection Model developed by the Coordinating Board. The portion of the formula related to utilities is adjusted to reflect

STATE AGENCIES OF HIGHER EDUCATION**

(Continued)

differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy. The average rate per square foot is \$5.41 in fiscal year 2018 and fiscal year 2019.

4. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance (other educational and general income portion), workers' compensation insurance, unemployment compensation insurance, public education grants, organized activities, scholarships, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for non-formula support items. Revenue derived from board authorized tuition would still be appropriated to the institutions levying the additional charges.
5. The General Academic Instruction and Operations and Infrastructure formulas shall incorporate the Higher Education Coordinating Board's October 2006 recommendations for mission-specific formula funding for Texas A&M University at Galveston.

These formulas and supplemental items shall be reviewed and updated by study committees appointed by the Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2018.

Sec. 27. Health Related Institutions Funding. Appropriations made in this Act for formula funding for health related institutions shall consist of four formulas plus supplemental non-formula items.

1. **Instruction and Operations Support Formula.** The Instruction and Operations Support Formula shall provide funding on a per student or full time equivalent basis. Funding for each instructional program is based on the following funding weights per student, with a base value per weighted student of \$9,431 in fiscal year 2018 and fiscal year 2019:

<u>Program</u>	<u>Weight Per Student</u>
Allied Health	1.000
Biomedical Science	1.018
Nursing	1.138
Pharmacy	1.670
Public Health	1.721
Dental	4.601
Medical	4.753

Instructional programs at remote locations and the main campus at The University of Texas Health Science Center at Tyler with enrollments of less than 200 students at individual campuses shall receive additional funding to compensate for the diseconomies of scale. The minimum formula shall generate additional funding per student, on a sliding scale, with programs with small enrollments receiving more additional funding per student.

2. **Infrastructure Support Formula.** Funding to the health related institutions for plant support and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for the health related institutions produced by the Space Projection Model developed by the Texas Higher Education Coordinating Board. The rate per square foot is \$6.11 in fiscal year 2018 and fiscal year 2019 for all health related institutions.

Because the Space Projection Model does not account for hospital space, separate infrastructure funding for hospital space at The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall be included in the total funding for hospital and center operations.

3. **Research Funding.** The health related institutions shall retain 100 percent of indirect research costs recovered on grants. Each institution also receives research enhancement funding of \$1,412,500 plus 1.16 percent in fiscal year 2018 and fiscal year 2019 of its research expenditures as reported to the Texas Higher Education Coordinating Board.
4. **Research at Clinical Partners.** Research conducted by faculty of a health related institution under a contract with a clinical partner shall be considered in the formula calculations for the Research Enhancement and E&G Space Support strategies as defined under Article III, Special Provisions

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION

(Continued)

Relating Only To State Agencies of Higher Education, Section 27, subsection (2) Infrastructure Support Formula and Sec. 27, subsection (3) Research Funding.

5. **Graduate Medical Education Formula.** The Graduate Medical Education Formulas shall provide funding on a per medical resident basis. Funding is based on a base value of \$11,647 per medical resident in an accredited program. Appropriations for Graduate Medical Education for fiscal year 2018 and fiscal year 2019 are \$5,824 per resident.
6. **Health Related Institution Graduate Medical Education.** The funds appropriated above in each of the health related institutions bill pattern titled Graduate Medical Education (GME) shall be spent to increase the number of resident slots in the State of Texas as well as faculty costs relating to GME. In addition, each health related institution shall work with the Higher Education Coordinating Board to develop new performance measures relating to increasing the number of resident slots in the State of Texas.
7. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance, workers' compensation insurance, unemployment insurance, public education grants, medical loans, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for non-formula support items and hospital and clinic operations.
8. **Formula Study Committees.** These formulas shall be reviewed and updated by study committees appointed by the Texas Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2018.
9. **Mission Specific Support.** The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler do not provide formal medical education which qualifies for instruction support under subsection 1 above. Therefore, funding allocated to these institutions shall be based on the following criteria:
 - a. The General Revenue Operations formula funding provided to The University of Texas M.D. Anderson Cancer Center in Strategy A.2.1, Cancer Center Operations, shall be based on the total number of Texas cancer patients served at The University of Texas M. D. Anderson Cancer Center. General Revenue appropriations for fiscal year 2018 and 2019 shall be based on the number of total Texas cancer patients served in 2016. The rate per patient shall be \$1,650 in fiscal year 2018 and fiscal year 2019 for Strategy A.2.1, Cancer Center Operations. For formula funding purposes, the amount of growth in total funding from one biennium to another may not exceed the average growth in funding for Health Related Institutions in the Instruction and Operations formula for the current biennium.
 - b. The University of Texas Health Science Center at Tyler has a statutory mission to conduct research, develop diagnostic and treatment techniques, provide training and teaching programs, and provide diagnosis and treatment of inpatients and outpatients with pulmonary, respiratory and other diseases of the chest. General Revenue funds appropriated to The University of Texas Health Science Center at Tyler in Strategy A.1.4, Chest Disease Center Operations, shall be based on the number of cases in which disease diagnoses are treated by The University of Texas Health Science Center at Tyler. General Revenue appropriations for fiscal year 2018 and 2019 shall be based on the number of such cases treated in fiscal year 2016. The rate per case for fiscal year 2018 and 2019 shall be \$187. For formula funding purposes, the amount of growth in total funding from one biennium to another may not exceed the average growth in funding for Health Related Institutions in the Instruction and Operations formula for the current biennium.
 - c. The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board, Governor, and Texas Higher Education Coordinating Board a copy of the appropriate reports discussed above and supporting documentation which provides the necessary information to calculate the formula allocations in subsections (a) and (b) above.

Sec. 28. Optional Retirement Program Differential. Included in the appropriation to institutions of higher education in this Act are general revenue amounts to offset local funds used for the optional retirement program employer contributions of 6.6 percent of salaries for employees who were on the state payroll or who were employed by a Public Community or Junior College as of August 31, 1995.

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION

(Continued)

These general revenue amounts are included in the funding formulas for general academic institutions and two-year institutions and in the base funding for other institutions of higher education.

Sec. 29. Indirect Cost Recovery Earned by Texas A&M System Agencies. The Texas A&M University System agencies shall report to the Legislative Budget Board in their Legislative Appropriations Requests for the 2020-21 biennium all indirect cost recovery revenue earned on research grants and contracts including amounts collected by the Research Foundation.

Sec. 30. Fire Safety Projects at Institutions of Higher Education. Because of the urgent nature of these projects, it is the intent of the Legislature that institutions of higher education that have major fire safety projects, identified by the State Fire Marshal's Office as not meeting the requirements of the National Fire Protection Association, Life Safety Code 101, Edition, remedy the fire safety issues and complete any related construction and renovation projects as soon as practical. Institutions shall consult with the State Fire Marshal's Office and develop a time line for completion of the projects. Institutions shall implement the interim safety precautions recommended by the State Fire Marshal's Office. The State Fire Marshal shall submit periodic reports to the House Appropriations Committee and Senate Finance Committee on the progress of institutions in remedying the fire safety issues.

Institutions of higher education shall notify parents of students living in dormitories identified by the State Fire Marshal's Office. The notice shall contain information about the actions needed to rectify noncompliance and the time frame in which the institution plans to make improvements in order to comply.

Sec. 31. Funding for Physical Education Courses. No funds appropriated under this act shall be used for contact hours or semester credit hours for students who are registered solely for physical education, weight lifting, group exercises, aerobics, or related courses; have registered for the same such course more than once; and are not seeking a degree plan or certificate of completion of a course of study.

Sec. 32. Faculty Salary Increase Report. The Texas Higher Education Coordinating Board shall report the average salary increase provided to faculty at each general academic institution to the Legislative Budget Board and Governor by January 31 of each fiscal year on a form prescribed by the Texas Higher Education Coordinating Board.

Sec. 33. Endowed Chairs. Out of funds appropriated to the Texas Higher Education Coordinating Board for Baylor College of Medicine, Houston; The University of Texas Health Science Center at Houston; and The University of Texas Medical Branch at Galveston, each may expend up to \$1,000,000 out of funds appropriated in this Act to fund one endowed chair or professorship for spinal cord injury research.

Sec. 34. Nursing School Enrollment. The Legislature encourages institutions of higher education who receive state appropriations not to reduce the number of student full-time equivalents enrolled in programs preparing students for licensure as registered nurses in state fiscal years ending August 31, 2018, and August 31, 2019, below the number of student full-time equivalents enrolled for the state fiscal year ending August 31, 2017. This provision shall not be construed as requiring any school to accept an unqualified applicant to its professional nursing program. In the event that a school falls below the required number of students enrolled in professional nursing program by more than 5 percent for the state fiscal year ending August 31, 2018, and the state fiscal year ending August 31, 2019, the school shall report to the Legislative Budget Board and the Texas Higher Education Coordinating Board the reasons for failing to meet the required enrollment.

Sec. 35. Endowed Programs. A state university that, within five years of receiving a donation, diminishes its financial support from local funds for a program created or endowed by the donor shall notify the donor in accordance with the donor agreement. If the agreement so provides, then upon application by the donor, the university shall return the donation or endowment.

Sec. 36. Student Travel Policy. Each governing board of an institution of higher education shall use the appropriations above to adopt a policy regulating travel that is undertaken by one or more students presently enrolled at the institution to reach an activity or event that is located more than 25 miles from the institution that is organized and sponsored by the institution and that is funded by the institution, and the travel is undertaken using a vehicle owned or leased by the institution or required by a student organization registered at the institution.

The remaining funds shall be allocated for distribution to the counties mandated by §37.011(a) Texas Education Code, at the rate of \$96 per student per day of attendance in the JJAEP for students who are required to be expelled as provided under §37.007, Texas Education Code. Counties are not eligible to receive these funds until the funds initially allocated at the beginning of each fiscal year have been expended at the rate of \$96 per student per day of attendance. Counties in which populations exceed 72,000 but are 125,000 or less, may participate in the JJAEP and are eligible for state reimbursement at the rate of \$96 per student per day.

3. **Laboratory Testing.** It is the intent of the Legislature that laboratory testing for animal diseases be performed at the Texas Veterinary Medical Diagnostic Laboratory (TVMDL) to the extent of its capabilities, unless the Texas Animal Health Commission (TAHC) State-Federal Laboratory can perform the testing for TAHC programs more cost effectively. Furthermore, the TAHC will use funds appropriated by this Act to enter into an interagency memorandum of understanding to work with TVMDL to reduce duplication and ensure that all testing is performed in Texas to the extent possible.
4. **Unexpended Balances Within the Biennium.** The unobligated and unexpended appropriation balances of the Texas Animal Health Commission for the fiscal year ending August 31, 2018, are appropriated to the Texas Animal Health Commission for the same purposes for the fiscal year beginning September 1, 2018.

6. **Contingency to Increase the Full-Time-Equivalents (FTE) Cap for Federally Funded Programs.** Contingent upon the receipt of federal funds above those appropriated in this Act for programs related to animal identification or surveillance, control, or eradication of animal health pests or diseases, the Texas Animal Health Commission is hereby authorized to increase its number of FTEs to the extent that federal funds are allocated for salary costs. These FTEs shall not be counted against the agency's "Number of Full-Time-Equivalents (FTE)" cap.

The Texas Animal Health Commission shall report all additional FTEs authorized by this provision to the Comptroller of Public Accounts, the Legislative Budget Board, and the Governor prior to filling a position described by this rider.

 - a. Amounts appropriated above out of the General Revenue Fund in Strategy A.1.1, Field Operations, include \$520,000 in each fiscal year of the 2018-19 biennium from revenues collected and deposited to the credit of the General Revenue Fund from the assessment of fees pursuant to Agriculture Code §§161.0411, 161.060, and 161.0601. These appropriations are contingent upon the Animal Health Commission assessing fees during the 2018-19 biennium sufficient to generate revenue (Object Code 3420) necessary to cover the General Revenue appropriations made above in Strategy A.1.1, Field Operations, identified in this rider. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified in this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.
 - b. In addition to the amounts identified in this rider and appropriated above in Strategy A.1.1, Field Operations, any revenues received during the 2018-19 biennium from fees deposited to the credit of the General Revenue Fund pursuant to Agriculture Code §§161.0411, 161.060, and 161.0601 (Object Code 3420) in excess of the amount of \$520,000 each fiscal year included in the Comptroller's Biennial Revenue Estimate for 2018-19 are appropriated for the same purposes.

- b) Excluding \$199,996 each fiscal year for administrative costs and \$500,000 in fiscal year 2018 for initial litigation expenses, amounts referenced above, including any unobligated and unexpended balances, in subsection (a) may not be expended without the prior written approval of the Legislative Budget Board. The Texas Commission on Environmental Quality (TCEQ) may request to expend the funds in incremental funding amounts of \$1,000,000. The commission shall request the funds in a format prescribed by the Legislative Budget Board that provides information regarding the purposes and the projected impact of expenditures. A request submitted under this provision shall be considered to be approved unless the Legislative Budget Board issues a written disapproval within 30 business days after the date on which the staff of the Legislative Budget Board concludes its review of the request. Additional information requested by the Legislative Budget Board regarding a request submitted by the commission pursuant to this rider shall be provided in a timely manner. Notwithstanding any provision to the contrary, the Legislative Budget Board may suspend the approval of a request at any time pending the receipt of additional information requested of TCEQ.
- c) It is the intent of the legislature, to the extent permitted by federal and state law, that funds appropriated above in Strategy E.1.4, Rio Grande River Compact, be utilized to ensure that all costs related to the litigation between the State of Texas and the State of New Mexico over the equitable distribution of water according to the Rio Grande Compact, estimated to be \$16,500,000, be recovered and deposited to the credit of the General Revenue Fund.

Such a study may be funded through (1) grants, awards, or other gifts made to the TCEQ for that purpose; (2) funds directed to this study through supplemental environmental projects; or (3) by the use of the Texas Emissions Reduction Plan funds, as available. The study shall:

- (a) Be based on data collected during the 18-month period following initial implementation of the Barnett Shale permit by rule in the Barnett Shale Region;

COMMISSION ON ENVIRONMENTAL QUALITY

(Continued)

- (b) Assess the technical feasibility and economic reasonableness of the implementation of the Barnett Shale permit by rule in geographic areas outside of the Barnett Shale Region, including an assessment of the economic impacts on the oil and gas industry and the Texas economy; and
- (c) Assess any other factors the TCEQ deems relevant.

Nothing in this rider shall be construed to limit the TCEQ's authority to develop a permit by rule or other authorization for planned maintenance, startup, and shutdown emissions from oil and gas sources located outside the Barnett Shale Region.

- 29. Expedited Processing of Permit Applications.** Included in amounts appropriated above out of the Clean Air Account No. 151 in Strategy A.2.1, Air Quality Permitting, is \$1,000,000 for the biennium for contract labor, overtime and compensatory pay, or other costs incurred to support the expedited processing of permit applications. The study shall be submitted to all members of the Legislature and the director of the Legislative Budget Board no later than September 1, 2018.

Sec. 3.09. Method of Salary Payments. All annual salaries appropriated by this Act are for full-time employment unless specifically designated as part-time. This section may not be construed to prevent the chief administrator of an agency from paying less than the maximum salary rate specified in this Act for a position, or the employment of a part-time employee to fill a regular position provided for in this Act, so long as the salary rate for such part-time employee is proportional to the regular rate for full-time employment.

- (b) Funds appropriated by this Act for grants to be made by a state agency for a particular fiscal year may be distributed in subsequent fiscal years so long as the grant has been awarded and treated as a binding encumbrance by the grantor agency prior to the end of the appropriation year of the funds appropriated for grant purposes. Distribution of the grant funds is subject to §403.071, Government Code.

Sec. 4.03. Grants for Political Polling Prohibited. None of the funds appropriated by the Act may be granted to or expended by any entity which performs political polling. This prohibition regarding political polling does not apply to a poll conducted by an academic institution as a part of the institution's academic mission that is not conducted for the benefit of a particular candidate or party.

Sec. 4.04. Limitation on Grants to Units of Local Government.

- (a) The funds appropriated by this Act may not be expended in the form of a grant to, or a contract with, a unit of local government unless the terms of the grant or contract require that the funds received under the grant or contract will be expended subject to limitations and reporting requirements similar to those provided by:

Sec. 5.02. General Travel Provisions. The funds appropriated by this Act to a state agency for the payment of transportation, meals, lodging, or incidental expenses indicates the maximum amount that may be expended by the agency. The funds appropriated by this Act may not be expended for those expenses unless the travel and the resulting requests for payment or reimbursement comply with the conditions and limitations in this Act, Chapter 660, Government Code, and the Comptroller's Rules.

Sec. 5.03. Transportation Expenses. For a state employee's use of a personally owned or leased motor vehicle, the mileage reimbursement rate for travel equals the maximum fixed mileage allowance specified in the revenue rulings issued by the Internal Revenue Service under the federal income tax regulations as announced by the Comptroller.

Sec. 5.04. Transportation in Personally Owned or Leased Aircraft. The rate of reimbursement to be paid to a state employee, key official, member of a board, commission, or a member of the Legislature for travel in the person's personally owned or leased aircraft, either within or without the boundaries of this state, is the maximum fixed mileage allowance specified in the revenue rulings issued by the Internal Revenue Service under the federal income tax regulations or alternatively as determined by the Comptroller the rates adopted by the United States Administrator of General Services as announced by the Comptroller.

Sec. 5.05. Travel Meals and Lodging Expenses.

- (a)
 - (1) A state employee who travels within the continental United States shall be reimbursed for the actual cost of lodging and meals. However, the reimbursements may not exceed the maximum meals and lodging rates based on the federal travel regulations issued by the United States General Services Administration.

- (b) At the discretion of each chief administrator of a state agency, a state employee whose duties require the employee to travel outside the employee's designated headquarters without an overnight stay away from the employee's headquarters may be reimbursed for the actual cost of the employee's meals not to exceed \$36.

TRAVEL REGULATIONS (Continued)

- (c) A state employee may receive reimbursements for the employee's actual expenses for meals and lodging when traveling outside the continental United States.
- (d) A state agency or institution may reimburse a state employee for a meal expense the employee incurs while traveling outside the employee's designated headquarters for less than six consecutive hours if the reimbursement:
 - (1) receives the written approval by the chief administrator of the state agency or institution;
 - (2) meets the rules adopted by the Comptroller regarding reimbursement for traveling outside the employee's designated headquarters for less than six consecutive hours; and
 - (3) complies with §660.206, Government Code.

Sec. 5.06. Special Provisions Regarding Travel Expenses. Reimbursement for meals and lodging as authorized by Subchapter H, Chapter 660, Government Code, on an "actual expenses" or "actual amount of" basis may not exceed twice the maximum rates specified in §5.05 of this Article.

Sec. 5.07. Travel and Per Diem of Board or Commission Members.

- (a) As authorized by §659.032, Government Code, the per diem of state board and commission members consists of:
 - (1) compensatory per diem, if specifically authorized by law, at \$30 per day; and

- (b) If a law enacted after former Article 6813f, VTCS, (September 1, 1983), authorizes per diem for members of a particular state board or commission, but does not specify the amount of the per diem, then the amount of the per diem is the amount provided by Subsection (a).
- (c) A full-time employee paid from funds appropriated by this Act may not be paid both a salary and compensatory per diem for concurrent service as a state employee and as a board or commission member.

Sec. 5.08. Travel of Advisory Committee Members.

- (a) For the purpose of this section, the term "advisory committee" has the meaning assigned by §2110.001, Government Code.
- (b) In addition to the limits placed on reimbursement of advisory committee member expenses by this section and to the extent not otherwise limited by this Act or other law, a member of a state agency advisory committee may be reimbursed, at the rates specified in this Act for a state employee, for actual expenses for meals, lodging, transportation, and incidental expenses.
- (c) The funds appropriated by this Act may not be expended to reimburse a member of a state agency advisory committee for expenses associated with conducting committee business, including travel expenses, unless the expenditures for an advisory committee are within the limits provided by this section and other law and are:
 - (1) specifically authorized by this Act; or
 - (2) approved by the Governor and the Legislative Budget Board subsequent to the effective date of this Act.

TRAVEL REGULATIONS (Continued)

- (d) The limitations provided by this section do not apply to an advisory committee established by the governing board of a retirement system trust fund.
- (e) The limitations provided by this section apply only to an advisory committee that is subject to Chapter 2110, Government Code.

PART 6. GENERAL LIMITATIONS ON EXPENDITURES

Sec. 6.01. Unexpended Balance.

- (a) In this Act "unexpended balance" or the abbreviation "UB" means the unobligated balance remaining in an appropriation, i.e., only that part of an appropriation, if any, that has not been set apart by the incurring of an obligation, commitment, or indebtedness by the state agency authorized to spend the appropriation. A reference in this Act to "unexpended balance" or "UB" is a reference to the unobligated balance of an amount appropriated by this Act for the fiscal year ending August 31, 2018, unless another meaning is clearly indicated.
- (b) For any estimated UB appropriated by this Act, should the actual amount of the UB be different than the estimate identified in this Act, the appropriation is adjusted to equal the actual UB, subject to any other restrictions to that appropriation made elsewhere in this Act.

Sec. 6.02. Interpretation of Estimates. In the event the amounts of federal funds, local funds, or funds other than appropriations from the General Revenue Fund, have been estimated in this Act in sums greater than are actually received by the respective agencies of the state, this Act may not be construed as appropriating additional funds from General Revenue to make up such differences. Wherever the language of this Act appropriates all receipts or balances from a specified source but uses an estimated amount to inform the Legislature and the public, the estimated figure is not to be construed as a limitation on the amount appropriated.

Sec. 6.03. Excess Obligations Prohibited.

- (a) An agency specified in this Act may not incur an obligation in excess of the amounts appropriated to it for the respective objects or purposes named.
- (b) As a specific exception to Subsection (a) the Comptroller of Public Accounts may determine that a proposed installment purchase arrangement is cost effective and certify this finding in response to an agency request.
- (c) A determination made by the Comptroller of Public Accounts under Subsection (b) may be made for obligations incurred for the purchase or lease of automated information system equipment only if the agency has on file with the Legislative Budget Board a Biennial Operating Plan, including any amendments to the Biennial Operating Plan, and the plan has been approved by the Legislative Budget Board.
- (d) If this section is violated, the State Auditor shall certify the fact of the violation and the amount of over-obligation to the Comptroller, and the Comptroller shall deduct an amount equivalent to the over-obligation from the salary or other compensation due the responsible disbursing or requisitioning officer or employee, and apply the amount to the payment of the obligation.
- (e) This provision is specified pursuant to §10, Article XVI, Texas Constitution.

Sec. 6.04. Interpretation of Legislative Intent. Funds appropriated by this Act shall be expended, as nearly as practicable, for the purposes for which appropriated. In the event an agency cannot determine legislative purpose from the pattern of appropriations, the agency shall seek to determine that purpose from the proceedings of the legislative committees responsible for proposing appropriations for this state.

Sec. 6.05. Comptroller's Duty to Pay. The Comptroller may not refuse to pass for payment a legal claim, factually justified, for which a valid appropriation has been made.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

Sec. 6.06. Last Quarter Expenditures.

- (a) A state agency or other governmental unit using funds appropriated by this Act may not expend during the last quarter of a fiscal year more than one-third of the funds appropriated for that fiscal year.
- (b) Specifically exempted from Subsection (a) are:
 - (1) expenditures contracted for in previous quarters;
 - (2) funds required by statute, rule or regulation to be expended on a different time frame;
 - (3) seasonal employment of personnel;
 - (4) construction contracts;
 - (5) contracts dealing with purchases of food, medicines, or drugs;
 - (6) expenditures related to the Children with Special Health Care Needs program operated by the Department of State Health Services; and
 - (7) expenditures occasioned by disaster or other Act of God.
- (c) The funds exempted, under Subsection (b) may not be considered in the computation of the total funds appropriated in a fiscal year for the purpose of applying Subsection (a).

Sec. 6.07. Employee Benefit and Debt Service Items.

- (a) Funds appropriated in the various Articles of this Act for "Employees Retirement System," "Social Security State Match," "Benefit Replacement Pay," "Texas Public Finance Authority-G.O. Bond Debt Service Payments," and "Lease-Payments to the Texas Public Finance Authority" may be transferred between Articles to a like appropriation item without limitation as to the amount of such transfer.
- (b) An agency to which an appropriation listed under Subsection (a) is made may pool such appropriations, made in the various Articles for a common purpose, into a single cost pool for the purpose of administering the appropriation.

Sec. 6.08. Benefits Paid Proportional by Method of Finance.

- (a) Unless otherwise provided, in order to maximize balances in the General Revenue Fund, payment for benefits paid from appropriated funds, including "local funds" and "education and general funds" as defined in §51.009 (a) and (c), Education Code, shall be proportional to the method of finance except for public and community junior colleges. Any funds subject to restrictions that prevent their expenditure on salaries and wages, as directed by legislative intent or established in rules by the Comptroller governing the calculation of benefits proportionality by fund, shall not be subject to this proportional requirement.
- (b) Funds not subject to this proportionality requirement may include, but are not limited to certain: appropriations for capital purposes, appropriations with salary restrictions, deficiency grant appropriations, emergency appropriations, or statutorily restricted funds that restrict or limit the use of funds to certain programs. The Comptroller shall make the final determination on the exclusion of funds from this proportionality requirement in conjunction with the rules developed under subsection (f) of this section.
- (c) For institutions of higher education, in determining the proportional allocation between the General Revenue Fund and other appropriated funds, an adjustment for local funds benefits shall be made to equitably distribute costs between General Revenue and other appropriated funds.
- (d) If the Comptroller determines that achieving employee benefits proportionality at the time the benefits payment is made would be impractical or inefficient, then the General Revenue Fund shall be reimbursed for any such payment made out of the General Revenue Fund.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (e) For purposes of this Act, a public community or junior college may expend funds appropriated for employee benefit costs for any employee if the employee is: (1) otherwise eligible to participate in the group benefits program; and (2) an instructional or administrative employee whose salary may be fully paid from funds appropriated under the General Appropriations Act, regardless of whether the salary is actually paid from appropriated funds.
- (f) The Comptroller, after consulting with the Legislative Budget Board and the State Auditor's Office, shall develop and maintain rules to provide for the administration of this section.
- (g) Each agency or institution of higher education (excluding a community or junior college) having General Revenue Fund appropriations and other sources of financing shall file with the Comptroller and the State Auditor a report demonstrating proportionality. The report shall be filed before November 20th following the close of the fiscal year for the salaries, wages, and benefits of the preceding year ended August 31. The report shall be in a format prescribed by the Comptroller in collaboration with the Legislative Budget Board and the State Auditor's Office.
- (h) State Auditor shall at least biennially review agency and institution compliance with the requirements of this section if the agency or institution (excluding a community or junior college) receives funds appropriated under this Act. Subject to a risk assessment, the State Auditor shall audit the expenditure transfers and payments for benefits by an agency or institution. The State Auditor shall send the audit report to the Comptroller and the Legislative Budget Board upon completion of the audit, along with any recommendations for changes or refunds. The Comptroller, on receipt of notification from the State Auditor of amounts disproportionately paid from General Revenue Fund appropriations, shall reduce current year General Revenue Fund appropriations of the agency or institution until such time as such amounts are repaid from sources other than the General Revenue Fund.
- (i) Should cash balances in appropriated funds prohibit an account or fund from absorbing additional expense related to proportionality requirements, an agency or institution may be allowed to adjust benefit expenses accordingly. An agency or institution must notify the Comptroller and Legislative Budget Board of any requested adjustment. The Comptroller shall make the final determination on the allowance of any benefit expense adjustment but shall ensure General Revenue is reimbursed to the maximum extent possible.
- (j) For institutions of higher education, excluding public community or junior colleges, funds appropriated by this Act may not be expended for employee benefit costs, or other indirect costs, associated with the payment of salaries or wages, if the salaries and wages are paid from funds not appropriated by this Act.

Sec. 6.09. Appropriations from Special Funds. Notwithstanding other provisions of this Act, appropriation amounts from special funds or special or dedicated accounts in the General Revenue Fund (as those terms are defined by §403.001, Government Code) are specifically limited to amounts not to exceed the actual balances and revenues available to each such fund or account.

Sec. 6.10. Limitation on State Employment Levels.

- (a) (1) A state agency or institution of higher education may not use funds appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of full-time equivalent employees (FTEs) paid from funds appropriated by this Act by the state agency or institution of higher education for a fiscal quarter to exceed the figure indicated by this Act for that state agency or institution without reporting that use of funds to the Governor and the Legislative Budget Board at a time not later than the last day of the first month following each quarter of the fiscal year.
- (2) In addition to the reporting requirement of Subsection (a)(1) of this section, without the written approval of the Governor and the Legislative Budget Board a state agency or institution of higher education may not use funds appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of full-time equivalent employees (FTEs) paid from funds appropriated by this Act by the state agency or institution of higher education for a fiscal quarter to exceed the lesser of either:

GENERAL LIMITATIONS ON EXPENDITURES

- (b) (1) A report by a state agency or institution of higher education of exceeding the FTE limitations established by this section must be submitted by the governing board of the state agency or institution of higher education (if the agency has a governing board) or by the chief administrative officer (if the agency does not have a governing board or the governing board has not met) and must include at a minimum:
- (A) the date on which the board (if the agency has a governing board) or by the chief administrative officer (if the agency does not have a governing board or the governing board has not met) approved the report;

 - (D) an explanation as to why the functions of any proposed additional FTEs cannot be performed within current staffing levels.
- (2) A request by a state agency or institution of higher education to exceed the FTE limitations established by this section must be submitted by the governing board of the state agency or institution of higher education (if the agency has a governing board) or by the chief administrative officer (if the agency does not have a governing board) and must include at a minimum:
- (A) the date on which the board (if the agency has a governing board) or the chief administrative officer (if the agency does not have a governing board) approved the request;
 - (B) a statement justifying the need to exceed the limitation;
 - (C) the source of funds to be used to pay any additional salaries; and
 - (D) an explanation as to why the functions of any proposed additional FTEs cannot be performed within current staffing levels.
- (c) An agency or institution may make a preliminary report to the Governor and the Legislative Budget Board without meeting the requirements of Subsection (b)(1)(A) if the governing board of the agency or institution has not met within the reporting time.
- (d) For the purpose of Subsections (a) and (b), the number of FTEs employed by a state agency (not including the Texas Historical Commission, an institution of higher education or an affiliated entity, the State Preservation Board, Parks and Wildlife Department, Texas School for the Blind and Visually Impaired, Texas School for the Deaf, and Texas Commission on Environmental Quality) for a fiscal quarter:
- (1) shall be determined in accordance with the report filed pursuant to § 2052.103, Government Code;
 - (2) shall include only employees paid with funds appropriated through this Act;
 - (3) shall not include overtime hours; and
 - (4) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor is authorized to provide interpretations of this provision.

 - (2) shall be an average of the four reports filed for that fiscal year;
 - (3) shall include only employees paid with funds appropriated through this Act;
 - (4) shall not include overtime hours; and
 - (5) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor is authorized to provide interpretations of this provision.
- (f) This section shall not apply to appropriations made by this Act to the:
- (1) Office of the Governor; or
 - (2) Comptroller.
- (g) The limitations on FTEs under this section do not apply to a state agency or institution in instances of employment, including employment of temporary or contract workers, directly associated with events declared disasters by the Governor. Each state agency or institution shall annually notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this section.
- (h) (1) The limitations on FTEs under this section do not apply to a state agency or institution in an instance of employment for a project, including employment of a temporary or contract worker, if the FTEs associated with that project are not included in the number of FTEs allowed in the agency's bill pattern and the employees are associated with:
- (A) implementation of a new, unanticipated project that is 100 percent federally funded; or
 - (B) the unanticipated expansion of an existing project that is 100 percent federally funded.
- (2) With regard to the exemption from the FTE limitations provided by this Subsection (h), a state agency or institution is exempt from the FTE limitations only for the duration of the federal funding for the employment related to the project and all salaries, benefits, and other expenses incurred related to employment must be paid from federal funds.
- (3) This Subsection (h) does not exempt any employees associated with existing projects that are 100 percent federally funded and included in the number of FTEs allowed in the agency's bill pattern.
- (4) Each state agency or institution shall notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this Subsection (h).
- (i) If a program is transferred from a state agency or institution of higher education, then at any time during the biennium, the Legislative Budget Board and the Governor may agree to reduce the number of FTEs paid from funds appropriated by this Act by the state agency or institution of higher education for one or more fiscal quarters to a figure below that indicated by this Act for that agency or institution.
- (j) The limitations on FTEs under this section do not apply to a state agency or institution of higher education in an instance of employment, including employment of a temporary or contract worker, if the employee is paid from appropriations of gifts and grants under Section 8.01 of this Article.
- (k) The requirements of requesting and reporting under this section do not apply to a state agency or an institution of higher education with fewer than 50 FTEs allowed in the agency's or institution's bill pattern.

GENERAL LIMITATIONS ON EXPENDITURES

Sec. 6.13. Performance Rewards and Penalties.

- (a) It is the intent of the Legislature that appropriations made by this Act be utilized in the most efficient and effective manner possible to achieve the intended mission of each state agency and institution. In order to achieve the objectives and service standards established by this Act, agencies and institutions shall make every effort to attain the designated key performance target levels associated with each item of appropriation.
- (b) To support and encourage the achievement and maintenance of these appropriated annual performance levels, continued expenditure of any appropriations in this Act shall be contingent upon compliance with the following provisions:
 - (1) Agencies and institutions, in coordination with the Legislative Budget Board, shall establish performance milestones for achieving targets within each annual budget and performance period; time frames for these milestones and the related performance reporting schedule shall be under guidelines developed and maintained by the Legislative Budget Board.
 - (2) Agencies and institutions shall provide testimony as to the reasons for any performance variances to the Senate Finance Committee and the House Appropriations Committee, as determined to be necessary by those committees; assessments of agency and institution performance shall be provided to the committees under guidelines and procedures developed and maintained by the Legislative Budget Board.

- (2) Negative Incentives/Redirection - Evaluation of outcome variances for remedial plan, reduction of funding, elimination of funding, restriction of funding, withholding of funding, reduction of funding transferability, transfer of functional responsibility to other entity, recommendation for placement in conservatorship, direction that a management audit be conducted or direction that other remedial or corrective actions be implemented.
- (3) The Legislative Budget Board may develop and maintain rules and procedures for the implementation of the above provisions.
- (4) The Legislative Budget Board may request comments from the State Auditor's Office regarding performance penalties and rewards.

Sec. 6.14. Bookkeeping Entries. Should clerical or bookkeeping errors result in any monies being expended, transferred, or deposited into incorrect funds in or with the state treasury or any monies being cleared from a trust and suspense fund to other than the proper fund, such erroneously expended, transferred, deposited, or cleared monies may be transferred to the correct funds or accounts or trust and suspense account within the state treasury on request of the administering department with the concurrence of the Comptroller, and so much as is necessary for said transfer is appropriated.

Sec. 6.15. Accounting for State Expenditures.

- (a) Notwithstanding the various patterns of appropriation established in this Act, the Comptroller shall account for the expenditure of funds appropriated by this Act in a manner that allows for the reporting of expenditures attributable to each strategy in each agency's respective Strategic Planning and Budget Structure as approved by the Governor and the Legislative Budget Board. The information shall be recorded and maintained systematically in the state accounting system in a manner that provides for the integration of the state's budget data and the state's accounting data and to facilitate the state's budget development process.
- (b) This section does not require the deposit into and subsequent disbursement of funds from the state treasury that relate to Texas Public Education Grants, or "local funds" defined in §51.009, Education Code, except for tuition and lab fees.

Sec. 6.16. Fee Increase Notification. None of the funds appropriated by this Act may be expended by an agency which increases the rate of a fee assessed by that agency unless the agency provides a notice to the payer of the fee that the fee rate was set by the agency or its governing board and not mandated by the Legislature.

Sec. 6.17. Consolidated Funds. Contingent on the enactment of legislation relating to the dedication of funds, the Comptroller, on approval of the Legislative Budget Board, may change an applicable agency's method of financing source name as provided in this Act to reflect changes made by the other legislation that affects the status of the funding source. No change in the amount of the appropriation would be affected by this change.

Sec. 6.18. Demographic and Statistical Studies. Before expending funds appropriated by the Act for the purpose of contracting for a consultant or other private assistance in performing a study required by the Legislature that includes statistical or demographic analysis of data, the agency conducting the study shall determine if the resources of the Texas Legislative Council or the Office of the State Demographer and the Texas Demographic Center (previously known as the Texas State Data Center) located at The University of Texas at San Antonio are available to assist the agency in designing or conducting that component of the study.

Sec. 6.19. Cost Allocations. For the purpose of more effective and efficient identification and allocation of costs, and to effect timely payments to employees and vendors, agencies may temporarily charge salary and/or operating costs to appropriations most applicable for the expense being incurred. Upon receipt of more specific information such as personnel-time allocation information for payrolls, or allocation of office supplies or other goods and services, agencies may reimburse the original paying appropriations by transfer from the appropriation to which the expenditure should have been charged. Such transfers must be accomplished within twelve months in a manner which records appropriate expenditures to the borrowing appropriation and negative expenditures to the lending appropriation.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

These transfers may be in summary amounts in a manner approved by the Comptroller. Each agency must maintain adequate detailed records to support summary transfer amounts.

Sec. 6.20. Use of Appropriations to Contract for Audits.

 - (2) enter into a contract with an independent audit entity for the provision of audit services pursuant to §321.020, Government Code, if:
 - (A) the SAO has reviewed the scope of the proposed audit and has issued a written approval for the scope of the proposed audit, and
 - (B) the SAO has delegated the authority to enter into the proposed audit to the agency or institution, in the event the agency or institution does not have a specific statutory delegation of authority to enter into a contract for audit services.

Sec. 6.21. Limitations on Use of Appropriated Funds. Funds appropriated by this Act, other than those appropriated to an institution of higher education, may be expended only for items set out in the expenditure classifications of the Comptroller's Manual of Accounts insofar that an agency expending the appropriated funds has existing statutory authority for making the expenditures and the expenditures are not otherwise limited or prohibited in this Act.

Sec. 6.22. Informational Items. Object of expense (OOE) listings contained in this Act, and other informational listings are not appropriations, and are merely informational listings that are intended to qualify or direct the use of funds appropriated in agency strategies, or are incidental to the appropriation made in the agency strategies.

Sec. 6.23. Appropriations from State Tax Revenue. The appropriations from state tax revenue not dedicated by the Constitution for the 2018-19 biennium shall not exceed the Texas Constitution's Article VIII, §22 limit of \$99,897,875,652 established by the Legislative Budget Board pursuant to §316.002, Government Code. The limit on appropriations that can be made for the 2018-19 biennium is subject to adjustments resulting from revenue forecast revisions or subsequent appropriations certified by the Comptroller to the 2016-17 biennial appropriations from state tax revenue not dedicated by the Constitution. The Comptroller may adjust the composition of fund and account balances without any net change in balances or change in appropriations so as to ensure compliance with the limit set forth in Article VIII, §22 of the Texas Constitution.

Sec. 6.24. Notification Requirement for Certain RESTORE Act Funds.

- (a) Any agency that intends to expend at least \$1 million for a project or program using funds related to the RESTORE Act Direct Component shall notify the Legislative Budget Board in a timely manner prior to making any such expenditure. The notification shall include information describing the project or program and its cost.
- (b) Funds related to the National Fish and Wildlife Foundation or Natural Resource Damage Assessment are not subject to this rider.

Sec. 6.25. Limitation on Abortion Funding. To the extent allowed by federal and state law, money appropriated by this act may not be distributed to any individual or entity that, during the period for which funds under this Act are appropriated:

- 1) Performs an abortion procedure that is not reimbursable under the State's Medicaid program;
- 2) Is commonly owned, managed, or controlled by an entity that performs an abortion procedure that is not reimbursable under the State's Medicaid program; or

Out of funds appropriated above in Strategy B.1.1., Medicaid Contracts and Administration, and to the extent allowed by state and federal law, the Health and Human Services Commission shall ensure there are policies, including for managed care services, that specify criteria that do not permit classification of hospital services, including those related to behavioral health, as either inpatient or outpatient for purposes of reimbursement based solely on the duration of the stay.

PART 7. REPORTING REQUIREMENTS

Sec. 7.01. Budgeting and Reporting.

- (a) As a limitation and restriction upon appropriations made by this Act, agencies and institutions of higher education appropriated funds by this Act may expend funds only if there is compliance with the following provisions:

The report shall be submitted at such intervals required by the Legislative Budget Board. The report shall contain a comparison of actual performance for the reporting period with targeted performance based on the level of funding appropriated.  - (5) To ensure that the Program and Cost Accounting functions of the Uniform Statewide Accounting System (USAS) are maximized, it is the intent of the Legislature that the Legislative Budget Board and the Governor:
 - (A) determine the agencies, institutions, goals, strategies or other reporting units for which cost accounting data is required;
 - (B) approve the basis for calculating and allocating costs to selected functions, tasks or measures;
 - (C) determine the frequency of reporting cost accounting data needed; and

Sec. 7.02. Annual Reports and Inventories.

- (a) In this section "contract" includes a contract, grant, or agreement, including a revenue generating contract, an interagency or interlocal grant or agreement, purchase order or other written expression of terms of agreement or an amendment, modification, renewal, or extension of such for the purchase or sale of goods or services that was entered into or paid for, either in whole or in part, by a state agency or institution of higher education.
- (b) In this section "contract" does not include a contract that has been reported to the Legislative Budget Board under §§2054.008, 2166.2551, 2254.006, or 2254.0301, Government Code; Article IX, Section 7.12 of this Act; or a contract with a value of less than or equal to \$50,000.

- (d) Before the 30th calendar day after awarding a contract or granting an amendment, modification, renewal, or extension, a state agency or institution of higher education shall report to the Legislative Budget Board in the manner prescribed by Legislative Budget Board all contracts, amendments, modifications, renewals, and extensions to which the agency or institution was a party during the prior fiscal year.
- (e) A state agency or institution of higher education receiving an appropriation under this Act shall report a contract pursuant to this section without regard to source of funds or method of finance associated with the expenditure, including a contract for which only non-appropriated funds will be expended.

REPORTING REQUIREMENTS

(Continued)

- (f) The Legislative Budget Board may conduct reviews of contracts required to be submitted under this section 7.04 and valued at \$1,000,000 or more. If a contract reported under this section is found to violate:

- (b) **Statewide Behavioral Health Coordinating Council.** Each agency identified in subsection (a) of this provision, shall designate an individual to serve as a member of the statewide behavioral health coordinating council, established by Article IX Section 10.04(b), 2016-17 General Appropriations Act (GAA), Eighty-fourth Legislature, 2015, and may use funds appropriated by this Act to support that council. In addition to the agencies identified in subsection (a) of this provision, the Texas Department of Housing and Community Affairs, the Texas Workforce Commission, and the Texas Education Agency shall each designate an individual to serve as a representative on the council. Any other state agency or institution that receives funding in this Act and provides specific behavioral health services may participate in the meetings and discussions of the coordinating council. The Mental Health Statewide Coordinator at HHSC shall serve as chair of this council. The coordinating council shall meet at least once quarterly during fiscal years 2018 and 2019, or more frequently if determined necessary by the Mental Health Statewide Coordinator at the Health and Human Services Commission.

HHSC shall require certain community collaboratives that receive state grant funding to present twice annually on the impact each collaborative has had on project implementation and mental health outcomes on the population served by the grant funding. These community collaboratives shall include community collaboratives as defined by Government Code Chapter 539; community recipients of a grant for veteran's mental health pursuant to Government Code 531.0092; recipients of a grant to reduce recidivism, arrest, and incarceration among individuals with mental illness and to reduce wait time for forensic commitment as established contingent on the passage of House Bill 12, relating to individuals who are or may be persons with a mental illness or an intellectual disability and who are or have been involved with the court system, or similar legislation by the Eighty-fifth Legislature, Regular Session; and recipients of a mental health grant as established contingent on the passage of House Bill 13, relating to the creation of a matching grant program to support community mental health programs for individuals experiencing mental illness, or similar legislation by the Eighty-fifth Legislature, Regular Session. It is the intent of the Legislature that these presentations serve as an opportunity to increase collaboration for the effective expenditure of behavioral health funds between state and local entities. No provision of this Act may be construed as granting the statewide behavioral health coordinating council authority over local projects implemented by the collaboratives listed above.

- (c) **Statewide Behavioral Health Strategic Plan.** The purpose of the statewide behavioral health coordinating council shall be to implement the five-year Statewide Behavioral Health Strategic Plan published May 1, 2016 per Article IX Section 10.04(b), 2016-17 GAA, Eighty-fourth Legislature, 2015. The report shall include coordinating council agency participation and how the strategic plan's implementation serves to coordinate programs and services to eliminate redundancy, utilize best practices in contracting standards, perpetuate identified, successful models for mental health and substance abuse treatment, ensure optimal service delivery, and identify and collect comparable data on results and effectiveness. The coordinating council shall annually update the inventory of behavioral health programs and services. The inventory shall describe how the identified programs, services, initiatives, and expenditures further the goals of the Statewide Behavioral Health Strategic Plan. HHSC shall make available the five-year strategic plan update and the inventory of programs on HHSC's website no later than December 1 of each fiscal year.

The plan shall be considered to be approved unless the Legislative Budget Board issues written disapprovals by November 1, 2017 for fiscal year 2018, or by September 1, 2018 for fiscal year 2019.

Notwithstanding any other appropriation authority granted by this Act, the Comptroller of Public Accounts shall not allow the expenditure of General Revenue-Related funds identified in subsection (a) by a particular agency if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the agency's expenditure proposal has not satisfied the requirements of this provision. If fiscal year 2018 or fiscal year 2019 General Revenue-Related funds are used to provide services required by federal law, are related to court-ordered treatment, or required as the result of administrative proceedings, the funding for these services shall still be included in the proposal, but these funds shall not be contingent upon approval.

The coordinated expenditure proposal shall be developed in a format specified by the Legislative Budget Board, and shall, at a minimum, include expenditures related to each program identified in the program inventory required by subsection (c) of this provision, identified by fund type. Behavioral health-related Medicaid expenditures shall also be included as a separate line item for each agency.

 - (2) The restrictions, limitations, reporting, and approval requirements of this §14.03 do not apply to a change in the method of finance which might result as a part of a transfer transaction involving a capital budget item of appropriation, provided that the transfer transaction otherwise complies with the requirements of this §14.03 and the other provisions of this Act.

The Comptroller shall reduce the appropriation made by this Act for the Capital Budget item in an amount equal to the difference between the appropriated amount and the sum of the lease payments for the biennium and deposit that amount into the unappropriated balance of the original funding source. This §14.04 provides an exception to any other provision of this Act which might otherwise limit transfers of appropriations such as by imposing a limit on the amount of a transfer or which might otherwise limit transfers of appropriations by causing a delay in making a transfer because of the need to take actions such as preparing reports or obtaining approvals prior to transferring appropriations necessary for responding to a disaster. No part of this §14.04 shall be read to limit, modify, or abridge the authority of the Governor to proclaim an emergency, disaster, or martial law or exercise any other powers vested in the governor under the constitution or other laws of this state.
- (b) **Health and Human Services Agencies:** For a health and human services agency listed in Chapter 531, Government Code, that directly responds to the disaster, the Commissioner of Health and Human Services is authorized to transfer funds from another health and human services agency listed in Chapter 531, Government Code, to the responding agency, and may transfer funds between the strategies of each agency for the purpose of funding the disaster response subject to the prior notification of the Legislative Budget Board and Governor as provided by Subsection (g) of this §14.04.

- (d) **Transfers Between Agencies:** In the event that a transfer involving at least one agency not listed in Chapter 531, Government Code is necessary in order to respond to a disaster, the agencies involved in the transfer shall request approval from the Legislative Budget Board and the Governor for the emergency transfer of funds, pursuant to Article XVI, §69, Texas

The amounts reimbursed from local funds pursuant to this subsection are appropriated to the Unemployment Compensation Special Administration Account No. 165 for the purpose of reimbursing the Unemployment Compensation Benefit Account No. 937. Such transfers and payments as are authorized under law shall be made not later than the 30th day after the date of receipt of the statement of payments due.
- (f) The Comptroller may prescribe accounting procedures and regulations to implement this section.
- (g) The Comptroller, upon certification of amounts due from the Texas Workforce Commission, including the sources of such amounts due, may transfer funds from such agencies or other units of state government as the Texas Workforce Commission certifies remain due more than 30 days from receipt of the statement of payments due. AGENCY NON-DISCRETIONARY TRANSFER PROVISIONS

(Continued)

- (b) At the beginning of each fiscal year, SORM shall prepare a statement reflecting the assessments due from all agencies and present it to the Comptroller.
- (c)
 - (1) Notwithstanding other provisions in this Act, agencies shall transfer to SORM seventy-five percent (75%) of their assessed allocation which includes amounts for workers' compensation coverage for their employees from funding in the same proportion as their expected payroll funding, including General Revenue Funds, dedicated General Revenue Fund accounts, Other Funds or local bank accounts and the agencies' proportion of SORM's costs to administer workers' compensation payments and other statutory obligations contained in A.1.1, Risk Management Program and Claims Administration.
 - (2) Not later than May 1 of each fiscal year, SORM shall determine, based on actual costs since the beginning of the fiscal year and other estimated costs, the remaining assessment due from each agency. SORM shall prepare a statement reflecting the remaining assessments due from each agency and present the statement to the Comptroller. Each agency shall transfer to SORM the remaining assessed allocation which includes amounts for workers' compensation coverage for their employees from funding in the same proportion as their expected payroll funding, including General Revenue Funds, dedicated General Revenue Fund accounts, Other Funds or local bank accounts and the agencies' proportion of SORM's costs to administer workers' compensation payments and other statutory obligations contained in A.1.1, Risk Management Program and Claims Administration.

In the event that collections in Strategy B.1.1, Workers' Compensation Payments, funded by the annual assessments to agencies, exceeds 110 percent of the expected annual payments, the portion of the excess over 110 percent funded from all funding sources shall be returned to agencies. The excess returned to the agencies by SORM is appropriated to the agencies for expenditures consistent with the original funding source. Any funding less than 110 percent of collections in Strategy B.1.1, Workers' Compensation Payments, not used for workers' compensation payments shall be used by SORM to lower the cumulative assessments to agencies the following fiscal year.
- (i) In the event the total assessments in any year prove insufficient to fund expenditures, SORM may, with the approval of the Legislative Budget Board, temporarily utilize additional general revenue in an amount not to exceed 20 percent of the cumulative assessments for that fiscal year. Any additional general revenue funds will be utilized only for the purpose of temporary cash flow and must be repaid upon receipt of the following year's assessments in accordance with procedures established by the Comptroller. All transfers from and repayments to the General Revenue Fund shall be reported by SORM to the Legislative Budget Board within 30 days of the transfer.
- (j) The reimbursement requirements established by this section may be waived or delayed, either in whole or in part, by the Legislative Budget Board.

 - (6) the payment of a settlement or judgment may be made only with a complete release from any and all related claims and causes against the State, and in the case of a judgment, the payment may be made only in full satisfaction of that judgment.
- (c) (1) A state agency shall report a claim for property damage to the Attorney General not later than the second working day after the date the agency receives the claim.
- (2) A state agency shall prepare a voucher for payment of a claim not later than the 10th working day after the date an agreement to settle the claim has been reached.
- (d) Payment of all judgments and settlements prosecuted by or defended by the Attorney General is subject to approval of the Attorney General as to form, content, and amount, and certification by the Attorney General that payment of the judgment or settlement is a legally enforceable obligation of the State. This subsection applies equally to funds appropriated for expenditure through the state treasury, as well as funds appropriated for expenditure from funds held in local banks.

Each fiscal year of the biennium, before November 1, the Attorney General shall report to the Legislative Budget Board a listing of all claims made and all incidents reported by any agency to the Attorney General during the previous fiscal year which might result in a claim being made which might result in a settlement or judgment of more than \$100,000 resulting from an incident involving an injury to a resident of a state supported living center or a client of a state hospital. The report shall include a summary of the employment status of all state employees and their supervisors involved in or witness to the injury to the resident of a state supported living center or a client of a state hospital and a summary of personnel actions taken with regard to each of those employees as a result of the incident.

- (b) To the extent this section conflicts with another provision of this Act, this section prevails.

PART 17. MISCELLANEOUS PROVISIONS

No state agency or institution is required to reallocate or redistribute funds appropriated in this Act to provide funding for programs or legislation adopted by the Eighty-fifth Legislature for which there is not specific appropriation or contingency provision identified in this Act.

Sec. 17.02. Limitation on Substitution of General Obligation Bond Funded Projects. Following initial Legislative Budget Board approval of projects for which funds are appropriated to an agency elsewhere in this Act or funds appropriated to Texas Public Finance Authority (TPFA) for payment of debt service on outstanding Proposition 4 and Proposition 8 bonds, an agency may substitute projects for those approved by submitting a written request for project substitution to the TPFA, with a copy to the Legislative Budget Board. The request shall be considered to be approved unless the Legislative Budget Board issues a written disapproval within 30 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

From funds appropriated above for the purpose of juvenile delinquency prevention and dropout prevention and intervention services, the Department of Family and Protective Services, the Juvenile Justice Department, the Texas Education Agency, and the Texas Military Department shall coordinate the delivery of juvenile delinquency prevention and dropout prevention and intervention services. Juvenile delinquency prevention and dropout prevention and intervention services are programs or services that are aimed at preventing academic failure, failure on state assessments, dropout, juvenile delinquency, truancy, runaways, and children living in family conflict. Each of the agencies listed above shall coordinate services with the others to prevent redundancy and to ensure optimal service delivery to youth at risk of engaging in delinquency and/or dropping out of school. Programs shall demonstrate effectiveness through established outcomes.

Not later than October 1 of each fiscal year, the agencies shall provide to the Legislative Budget Board, detailed monitoring, tracking, utilization, outcome, and effectiveness information on all juvenile delinquency prevention and dropout prevention and intervention services for the preceding five fiscal year period. The reports shall include information on the impact of all juvenile delinquency and dropout prevention and intervention initiatives and programs delivered or monitored by the agencies.

Sec. 17.08. Use of the Sporting Goods Sales Tax Transfer to the General Revenue-Dedicated State Parks Account No. 64.

- (a) Appropriations made elsewhere in this Act to the Texas Public Finance Authority (TPFA) for General Obligation (GO) Bond Debt Service include \$11,106,803 in fiscal year 2018 and \$11,364,211 in fiscal year 2019 from General Revenue, for debt service payments on GO bonds issued and authorized but unissued for statewide park repairs. Contingent upon review described below, General Revenue shall be reduced and an equal amount of the Sporting Goods Sales Tax transfer to General Revenue-Dedicated State Parks Account No. 64 is appropriated to TPFA for debt service expenditures on GO bonds issued and authorized for statewide park repairs. Additionally, amounts appropriated above to the Texas Parks and Wildlife Department (TPWD) in Strategy D.1.4, Debt Service, include \$1,955,350 in fiscal year 2018 and \$1,336,717 in fiscal year 2019 from General Revenue for debt service payments on Revenue Bonds issued for statewide park repairs.
- (1) Within 30 days following August 31 of each fiscal year, TPWD in cooperation with TPFA shall use expenditure schedules and any other necessary documentation to determine the actual amount of debt service expended from both sources on statewide park repairs, and submit the findings of this review to the Comptroller of Public Accounts and the Legislative Budget Board.
 - (2) Within 60 days following August 31 of each fiscal year, the Comptroller shall authorize the necessary expenditure transfers needed to credit General Revenue from an additional Sporting Goods Sales Tax (SGST) Transfer to the General Revenue-Dedicated State Parks Account No. 64 for the actual costs of debt service.
- (b) In the event that actual costs of debt service for statewide park repairs exceed the available remaining balance of the maximum statutory allocation of the SGST transfer to the State Parks

Account, the Comptroller shall adjust debt service payments to be made from other revenues deposited to the credit of the General Revenue Fund accordingly.

Sec. 17.09. Reporting Requirement for Funds Held Outside the Treasury.

- (a) The Comptroller of Public Accounts and the Legislative Budget Board shall jointly prepare a report on funds held outside the Treasury on a biennial basis. The report should contain the following information for operating funds and any other funds held outside the Treasury selected by the Comptroller of Public Accounts and the Legislative Budget Board:
 - (1) the legal/statutory basis for the fund or revenue held outside the treasury;
 - (2) the allowable uses of the fund or revenue held outside the treasury;
 - (3) a listing of programs for which the fund or revenue held outside the treasury is currently expended or could be expended;
 - (4) the estimated or actual revenues and expended or budgeted amounts by fiscal year for the most recently completed and current fiscal biennia; and
 - (5) the estimated or actual balance as of August 31st of each fiscal year in the most recently completed and current fiscal biennia.
- (b) Any state agency that receives, expends, or administers funds or revenues held outside the Treasury, either by the Comptroller of Public Accounts, the Texas Treasury Safekeeping Trust Company, or a private financial institution shall assist the Comptroller of Public Accounts and the Legislative Budget Board in preparing this report and shall submit all data and information as prescribed by the Comptroller of Public Accounts or the Legislative Budget Board.
- (c) In prescribing data to be reported and reporting deadlines, the Comptroller of Public Accounts and the Legislative Budget Board shall collaborate with state agencies to maximize the use of existing data sources and minimize work required to compile and submit information.
- (d) The report shall be available to the Governor, members of the Legislative Budget Board, the Senate Finance Committee and the House Appropriations Committee, no later than the last day in February of each year in which a regular session of the Texas Legislature convenes.

Sec. 17.10. Contract Cost Containment. It is the intent of the Legislature that all agencies and institutions of higher education find savings in contracted goods and services to ensure the cost-effective use of state appropriations regardless of method of finance or source of funds. Appropriations of General Revenue and General Revenue-Dedicated Funds made elsewhere in this Act are reduced by the amounts listed below. Affected agencies shall identify and execute savings and efficiencies in their use of contracted goods and services.

- (a) In addition to canceling contracts for which the agency does not have sufficient appropriations, agencies and institutions should, when administratively feasible and cost-effective, implement the following strategies to the extent allowable by state statute and the Contract Management Guide:
 - (1) Modify contract statements of work to remove non-essential services or requirements;
 - (2) Provide services previously outsourced; any increase in full-time equivalents needed to provide such services are subject to the approval process established by Article IX, Section 6.10 of this Act;
 - (3) Reduce staff augmentation contracts for non-essential functions; if an agency cannot fill a classified information technology position (class number 0210-0328), the agency may re-classify the position up to Salary Schedule Group B32 provided in this Act if it provides written notice to the Legislative Budget Board, State Auditor's Office, and Comptroller's Office at least 30 calendar days prior to filling the position. The request shall be considered approved unless disapproved by the Legislative Budget Board;
 - (4) Ensure provisions related to service level and pricing mechanisms in existing contracts are correctly enforced;
 - (5) Enforce damage provisions for vendor non-performance and collect monetary refunds for improper payments to vendors;
 - (6) Ensure dollar values of performance bonds and insurance are consistent with risk of non-performance and reduce requirements if it is prudent to do so;
 - (7) Use TxSmartBuy, term contracts, and cooperative contracts whenever possible;
 - (8) Modify supplier terms and discounts;
 - (9) Consolidate purchasing requests and delivery intervals;

MISCELLANEOUS PROVISIONS

(Continued)

- (10) While ensuring the maximum use of competitive sourcing, consolidate contracts for similar services into the fewest vendors possible to reduce duplication of effort;
 - (11) Reduce on-hand quantities of inventoried items and centralize warehouses; and
 - (12) Encourage vendors to identify potential cost savings.
- (b) In addition, an agency or institution of higher education may not use funds appropriated elsewhere in this Act to pay for a contract for goods or services unless it:
- (1) Seeks competitive bids before renewing or extending a contract that has been in effect more than three fiscal years as of August 31, 2017 and is valued at the lesser of \$10,000,000 or 10 percent of the agency's All Funds budget for the 2018-19 biennium. The following contracts are exempt from the requirements of Subsection (b)(1) of this § 17.10:
 - (A) TxSmartBuy, term, and cooperative contracts administered by the Comptroller or Department of Information Resources;
 - (B) grants;
 - (C) interagency contracts;
 - (D) contracts that relate to a construction project as defined by §2166.001, Government Code;
 - (E) contracts that relate to highway construction or highway engineering;
 - (F) contracts that relate to developing information resource applications or information resource technologies; and
 - (G) contracts not required by law to be competitively bid.
 - (2) Conducts a cost-benefit analysis to compare canceling or continuing any contract related to a major information resource project subject to Quality Assurance Team (QAT) monitoring that is more than 50 percent over budget or over schedule. QAT must re-approve the cost-benefit analysis for the project to continue.
- (c) Each agency and institution of higher education that receives appropriations in this Act, shall provide a report to the Legislative Budget Board and the Governor that details strategies implemented, savings realized, and any other information required by the Legislative Budget Board from contract cost containment efforts. The report for activities undertaken in fiscal year 2018 is due not later than September 30, 2018 and a summary report for the 2018-19 biennium is due August 31, 2019.
- (d) The table below is an informational list of reductions made elsewhere in this Act for each agency in 2018-19 General Revenue and General Revenue-Dedicated funds for a total savings of \$34.0 million.

Sec. 17.11. Tax Amnesty. Out of funds appropriated elsewhere in this Act, the Comptroller of Public Accounts shall establish, for a limited duration, a tax amnesty program under the authority of Tax Code Section 111.103, designed to encourage a voluntary reporting by delinquent taxpayers who do not hold a permit, or are otherwise not registered for a tax or fee administered by the Comptroller, or those permitted taxpayers that may have underreported or owe additional taxes or fees. Such a program should provide for the waiver of penalty or interest, or both, but shall not apply to an established tax liability or taxpayers currently under audit review. The amnesty would include tax due from purchases as defined under current state tax statutes. \$27,730,000 in appropriations from the General Revenue Fund made elsewhere in this act and \$18,333,000 in appropriations from the Property Tax Relief Fund made elsewhere in this act are contingent upon the tax amnesty program generating a net increase in available General Revenue Funds in the 2018-19 biennium of at least \$46,063,000 over the Comptroller's January 2017 Biennial Revenue Estimate and any additional general revenue certified as of the date of the enactment of this Act.

Sec. 17.12. Accelerated Sale of Unclaimed Securities. \$500,000,000 in General Revenue Funds appropriated elsewhere in this Act is supported by the Comptroller of Public Accounts accelerating the sale of unclaimed securities by at least \$500,000,000 in excess of the Comptroller's January 2017 Biennial Revenue Estimate and any additional general revenue certified as of the date of the enactment of this Act, and depositing those proceeds in the General Revenue Fund.

Sec. 17.13. Border Security Report. The LBB Office and DPS staff shall jointly assess the impact of any enhanced Federal Border Security Efforts. That report shall include recommendations to optimally integrate Federal and State Border Security efforts. Recommendations shall include DPS comments on security implications and LBB shall comment on the fiscal impact of their findings. Notwithstanding general transfer provisions in this act, LBB approval is necessary to modify the purpose of funds subject to Article 9, Section 17.07.

If any section, sentence, clause or part of this Act shall for any reason be held to be invalid, such decision shall not affect the remaining portions of this Act; and it is hereby declared to be the intention of the Legislature to have passed each sentence, section, clause, or part thereof irrespective of the fact that any other sentence, section, clause or part thereof may be declared invalid.

ARTICLE XII. EMERGENCY CLAUSE

The importance of the legislation to the people of the State of Texas and the crowded condition of the calendars in both Houses of the Legislature create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three separate days in each House be suspended, and said Rule is hereby suspended; and this Act shall take effect and be in force from and after its passage, and it is so enacted.
